

**ADMISSIONS**  
*open*

A 3D graphic featuring the word "ADMISSIONS" in white, bold, sans-serif capital letters. Below it, the word "open" is written in a thick, yellow, cursive script. The text is set against a dark brown, oval-shaped background that has a subtle wood-grain texture. An orange, glossy ribbon is wrapped around the bottom of the oval, with the yellow "open" text appearing to pass over it. The entire graphic is set against a grey and white checkerboard background, indicating transparency.

*Open Admissions* Shirley Lauro, 1984 A intensely charged confrontational two character play set in an urban college speech teacher's office as she faces a brilliant but illiterate Black student Calvin demands to be taught and not merely shuffled through the system Alice struggles to help him but is trapped by the double standards of an inadequate educational system

**Open Admissions** Danica Savonick, 2024-07-05 In *Open Admissions* Danica Savonick traces the largely untold story of the teaching experience of Toni Cade Bambara June Jordan Audre Lorde and Adrienne Rich at the City University of New York cuny in the late 1960s and early 1970s This period during which cuny guaranteed tuition free admission to every city high school graduate was one of the most controversial in US educational history Analyzing their archival teaching materials syllabi lesson plans and assignments alongside their published work Savonick reveals how these renowned writers were also transformative educators who developed creative methods of teaching their students to navigate and change the world In fact many of their methods such as student led courses collaborative public projects and the publication of student writing anticipated the kinds of student centered and antiracist pedagogies that have become popular in recent years In addition to recovering the pedagogical legacy of these writers Savonick shows how teaching in cuny's free and open classrooms fundamentally altered their writing and with it the course of American literature and feminist criticism

**Community Colleges and the Access Effect** J. Scherer, M. Anson, 2014-04-02 Taking on the cherished principle that community colleges should be open to all students with a high school education Scherer and Anson argue that open access policies and lenient federal financial aid laws harm students and present the case for raising the minimum requirements for community college entry

Changing the Odds David E. Lavin, David Hyllegard, 1996 The open admissions experiment at the City University of New York was the most ambitious effort ever made to promote equality of opportunity in American higher education Initiated in 1970 during the heyday of the great society it defined college as a right for all who had completed high school and it especially aimed to create educational opportunities for disadvantaged minority students This book evaluates that controversial experiment Although critics predicted that the open admissions policy would sweep away academic standards and result in watered down degrees of little value David Lavin and David Hyllegard present data to show that students who graduated were able not only to earn postgraduate degrees at non CUNY institutions but also to obtain good jobs far better than the jobs they could have expected without the opportunity open admissions gave them Indeed in one year in the 1980s say the authors open admissions students earned 67 million more than they would have if they had not gone to college Notwithstanding the successes of open admissions attacks on it have continued and as the book shows minority access to college has been cut back significantly at CUNY and elsewhere This book provides ammunition for those who want to challenge emerging policies that narrow educational opportunities for minority students and poor people

Open Admissions David Rosen, Seth Brunner, Steve Fowler, 1973

**Community Colleges and the Access Effect** Juliet Lilledahl

Scherer, Mirra Leigh Anson, 2014-04-02 Community Colleges and the Access Effect takes on one of the community college world's most sacred principles that every student with a high school diploma or GED equivalent should have the opportunity to enter college. In carefully researched detail two community college educators present a convincing case for why the open door to college admission must be eased closed and what must be done academically, politically and financially to bring about this critically needed reform. Describing how the practice of open college admission developed and how the nature of the college student has changed over the century that it has been in effect Scherer and Anson argue that raising the minimum requirements for college entry and enforcing existing Federal Student Aid regulations will make better use of public funds, strengthen academic programs, increase secondary student engagement, improve student completion rates and protect unprepared students.

**Higher Education Admission Practices** María Elena Oliveri, Cathy Wendler, 2020-01-30 Reveals practices and issues in higher education admissions which are critical factors for improving worldwide access and equity.

*College Admissions Trade Secrets* Andrew Allen, 2001 True or False Princeton's Director of Admissions hacked into Yale's secured admissions website to find out who Yale had accepted and rejected. Boston College's average SAT score is up to 1370 and Boston University's average SAT score is up to 1320. Carnegie Mellon offers spots on a priority wait list to students who send in cash and most of these students get admitted. Well it's all true. An FBI investigation traced Yale's hacked website back to the computer of Princeton's Director of Admissions Stephen LeMenager. Boston College's average SAT score is the same as Cornell's and close to Penn's both Ivies. Carnegie Mellon does have a priority wait list it costs 400 to be on it and the admissions rate is 95%. Welcome to the circus. Dazed and Confused Students see the college list published by their high school's guidance department listing every acceptance and rejection from the prior year. Next to each entry is a GPA, a SAT score and the number of AP classes taken. The list is usually ordered from highest to lowest GPA. The first entry 4 19 unweighted 1430 SAT 7 AP classes Princeton rejected Yale rejected Harvard rejected Stanford rejected Columbia rejected Vassar accepted. Ouch. Scan down the list looking for Yale. Did anyone get into Yale last year? Down at the ninth entry 3 93 1450 SAT 6 AP classes Brown accepted Yale accepted Georgetown accepted. Okay anyone else? Scan down to the twenty second entry 3 88 1560 SAT 7 AP classes Yale accepted Duke accepted William and Mary rejected. This doesn't make any sense. thinks the student. Many of the students with the best grades didn't get into any top colleges and still others were rejected at colleges ranked lower than the colleges to which they were accepted.
