Opera in Perspective John D. Drummond, 1980 *The Marriage between Perfume and the Lyric Stage* Mary May Robertson, 2023-09-22 But what is this scent of balmy air What this ray of light in my tomb I seem to see an angel amid a scent of roses sings Florestan in Fidelio Beethoven's only opera The role of scents smells fragrances and odours in opera has long been neglected just as how much opera and its stars have influenced the world of perfumery from the nineteenth century to the present day In the first book length study on the topic Professor Mary May Robertson explores the relationship between opera perfumes and their respective protagonists in order to map out the previously undiscussed connection between the two Through compelling close readings of librettos and rigorous research through thousands of bottles of perfume the reader will come to appreciate and recognise the influences and exchanges between operas and perfumes and their ultimate marriage in the previously unrecognised genre of Operatic Perfumes which is to say perfumes named after operas composers and their divas **The Turk on the Opera Stage** Christoph Yew, 2010 Thesis M A from the year 2009 in the subject Musicology Miscellaneous grade 2.0 University of Osnabrück Musikwissenschaft language English abstract This thesis is about the presentation of the Turks in operas of the Western European nations I will have a look at which different roles were used to describe the Turks In the sense of this paper the term Turk does not restrict its perspective to the area of the modern Republic of Turkey As for example Preibisch 1908 p13 notes during the 18th century composers did not distinguish between for example Persia and Turkey Pahlen 1980 p12 even suggests that the whole Arabian community was regarded as Turkish Moreover except other Arabian countries sometimes even China and India were regarded as Turkey Whaples 1998 p4 To be precise this inaccuracy can be applied to a lot of other countries that were part of the Ottoman Empire like Egypt Algeria and so on However although some of the operas that will be discussed in this paper do not play in Turkey or contain Turkish characters but are placed in neighboring countries of the Ottoman Empire or contain characters from these countries these works will also be discussed because from the perspective of our ancestors they all display Turkish elements The definition of Turkish that will be used in this paper is therefore similar to that used by Griffel 1975 p85ff and is based on a rather dynamic concept This means when analyzing an opera concerning its Turkishness the common perspective of the time has to be kept in mind Apart from that I will analyze how the typical characters changed over the course of time keeping in mind the historical background This is achieved by comparing similar characters from different operas with each other As we will see basically the timeline can be separated in three different parts In the baroque period the Turks were generally viewable in heroic roles which fitted to the concept of the **Speaking of Soap Operas** Robert Clyde Allen, 1985 From *Ma Perkins* and *One Man's Family* in the 1930s to *All My Children* in the 1980s the soap opera has captured the imagination of millions of American men and women of all ages In *Speaking of Soap Operas* Robert Allen undertakes a reexamination Catalogue of the First Annual Exhibition of the Detroit Architectural Club in the Galleries of the

Italian Opera in Global and Transnational Perspective Axel Körner,Paulo M. Kühl,2022-03-24 This volume of essays discusses the European and global expansion of Italian opera and the significance of this process for debates on opera at home in Italy Covering different parts of Europe the Americas Southeast and East Asia it investigates the impact of transnational musical exchanges on notions of national identity associated with the production and reception of Italian opera across the world As a consequence of these exchanges between composers impresarios musicians and audiences ideas of operatic Italianness italianit constantly changed and had to be reconfigured reflecting the radically transformative experience of time and space that throughout the nineteenth century turned opera into a global aesthetic commodity The book opens with a substantial introduction discussing key concepts in cross disciplinary perspective and concludes with an epilogue relating its findings to different historiographical trends in transnational opera studies **Building** ,1892 **The Rise of Opera** Robert Donington,1981 Musical Digest ,1925 *Theatre Architecture of the Late 19th Century in Central Europe* Jacek Purchla,1993 A Feminist Perspective on Opera Interpretation Courtney W. Howland,2014 Drawing upon gender studies musicology German studies and literary theory this book develops a feminist analytic framework for interpreting opera and for critiquing the usual interpretations of opera using Richard Wagner s *Der fliegende Hollander* The Flying Dutchman as a case study The feminist analysis in contrast to prior interpretations of Hollander identifies the

intersection of gender and religion as at the core of the opera's main woman character Senta. This analysis allows for recognition of Senta's power and moral agency and demonstrates that the theory of interpretation rather than the opera's text determines the narrative.
