Iverson, 1999 This book emphasizes the development of management skills across three major areas of teaching content instruction, covenant relationships, and conduct student behavior. It takes an ecological systems level approach to classroom management, especially in presenting schoolwide discipline policy and procedures. It also features a comprehensive chapter on communication skills which forms the foundation to effective management. It integrates theory and practice through in-depth examples in each chapter by presenting procedures first, then providing examples of theories. It also describes and provides examples of three problem-solving models to promote positive problem-solving.
