**The Open Bible** Olaf Morgan Norlie,2015-06-15 Excerpt from The Open Bible Teaching them to observe all things whatsoever I have commanded you Matt 28 20 This closing paragraph of Christ s Great Commission is one of the chief martyrs of Christendom sharing this sad distinction with the Lord s Prayer Its terms are made to endure constant and glib quotation while their import is often ignored and their appeal too

frequently goes unheeded It is indeed a great task which Christ here entrusts to His Church even His most ardent followers would fear to undertake it had He not promised to be with them alway in carrying it out We are to teach those who have been baptized all things whatsoever He has commanded us that is the whole truth which Christ has revealed And this teaching is to be done in such a manner that they may observe all these things Those who through Baptism have been grafted into Christ as branches into the Tree of Life are to be trained to bear fruit of His whole truth in brief to live His truth in faith and love How has the Christian Church at its best endeavored to discharge its trust as Teacher of Christ s Truth No doubt the Church has acted wisely in following the example of the apostles by way of presenting terse and simple summaries of Christ s truth for the benefit of the young and ignorant These summaries have gradually crystallized into the Catechism where the religion of Christ is viewed in Part I as a divine requirement in Part II as an object of glad faith in Part III as a treasure to be made ever more our own by prayer and in Parts IV and V as a salvation divinely assured and sealed unto us Under the head of the Catechism the various good Explanations of it deserve honorable mention particularly those which confine themselves to a homely interpretation of its terms and to the citation of pertinent Bible passages in support of its teaching In the second place sound sense as well as the apostolic practice justifies the Church in employing compends of Bible History as a means of teaching the truth of Christ For the Christian religion rests upon facts of Sacred history and cannot be understood apart from them Moreover what Christ taught does not carry its full appeal to the heart unless it comes to us energized by His personality and life and attested by its influence upon the nations and characters of the Bible era About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**The Open Bible (Classic Reprint)** Olaf Morgan Norlie, 2017-12-07 Excerpt from The Open Bible Under the head of the Catechism the various good Explanations of it deserve honorable mention particularly those which confine them selves to a homely interpretation of its terms and to the citation of pertinent Bible passages in support of its teaching In the second place sound sense as well as the apostolic practice justifies the Church in employing compends of Bible History as a means of teaching the truth of Christ For the Christian religion rests upon facts of Sacred history and cannot be understood apart from them Moreover what Christ taught does not carry its full appeal to the heart unless it comes to us energized by His personality and life and attested by its influence upon the nations and characters of the Bible era About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the
