Vietnam at War Phillip B. Davidson, 1988 Eminently qualified to write this history Davidson who served as chief intelligence officer under Generals Westmoreland and Abrams tells firsthand the story of our tragic ordeal in Indochina and brings his unique understanding to bear on topics of continuing controversy offering a chilling account for example of when and where the U S considered using nuclear weapons The most comprehensive and authoritative history of the conflict to date Vietnam at War sparkles with a rare immediacy and brings to life in compelling fashion the war that tore America apart We witness the chaos in Saigon when fireworks celebrating the Tet holiday are suddenly transformed into deadly rocket and machine gun fire We sit in on high level meetings where General Westmoreland plans operations or simply engages in some tough headknocking with subordinates And in the end we learn that even the seemingly limitless resources of the U S
