status of the five challenger firms The author emphasizes the influence of institutional settings in China and India and the role of business groups which both can act as facilitators for the catch up process Finally the thesis clusters the catch up strategies of the five observed companies in order to compare their approach The results indicate that the observed automobile latecomers have not achieved a sophistication level comparable to incumbents in terms of capabilities However opportunities to accelerate the capability building process exist Latecomers can leapfrog through partnering acquisitions or changing the rules of the game in the industry *Organisational Learning and Change in the Automotive Industry* P.
