Organum Deitatis:

Teaching Reformation Luka Ili?, Martin J. Lohrmann, 2021-08-10 Presented on the occasion of his seventieth birthday this collection of essays honors the life and work of Dr Timothy J Wengert Wengert a pastor a teacher of pastors and a noted Reformation historian brings to the work of scholarship a deep sense of its practical dimensions in the life of the church Over the course of his career Wengert s work and insights have been marked by the way in which they apply to and make different the lived life of the church whether in preaching worship or theology In these essays Wengert s students colleagues and peers follow in their honoree s footsteps by highlighting the practical and pastoral implications of a rich tapestry of Reformation topics organized into three parts In Part One Luther and a diverse cast of colleagues are considered in light of their significance for today In Part Two the texts of the Reformation are examined opening to Part Three where the formation of faith through catechesis and the life of the church bring the book to a close Human and Animal Cognition in Early Modern Philosophy and Medicine Stefanie Buchenau, Roberto Lo Presti, 2018-10-26 From the sixteenth to the eighteenth century new anatomical investigations of the brain and the nervous system together with a renewed interest in comparative anatomy allowed doctors and philosophers to ground their theories on sense perception the emergence of human intelligence and the soul body relationship in modern science They investigated the anatomical structures and the physiological processes underlying the rise differentiation and articulation of human cognitive activities and looked for the anatomical roots of the specificity of human intelligence when compared to other forms of animal sensibility This edited volume focuses on medical and philosophical debates on human intelligence and animal perception in the early modern age providing fresh insights into the influence of medical discourse on the rise of modern philosophical anthropology Contributions from distinguished historians of philosophy and medicine focus on sixteenth century zoological psychological and embryological discourses on man the impact of mechanism and comparative anatomy on philosophical conceptions of body and soul and the key status of sensibility in the medical and philosophical enlightenment Christology Joseph Pohle, 1916 **Controversy Between Rev. Messrs. Hughes and Breckenridge** John Hughes, 1913 *The Ecstasy of Love in the Thought of Thomas Aquinas* Peter Kwasniewski, 2021-05-07 Those interested in the concept of ecstasy would be forgiven for assuming that a sober scholastic like St Thomas Aquinas had little place for the idea Yet in this groundbreaking study sure to refine our understanding of the Angelic Doctor Peter Kwasniewski shows that St Thomas contemplates the nature of ecstasy at key stages in the development of his thought and that it plays a crucial role in his doctrine of love After a stimulating study of treatments of ecstasy in ancient philosophy Sacred Scripture and the medieval tradition prior to Aquinas Kwasniewski finds that he can be seen as breathing new life into the concept While his contemporary St Bonaventure for example tended to restrict ecstasy to the soul s union with God St Thomas admitted the place of ecstasy in a variety of human activities Furthermore St Thomas recognized that all love involves ecstatic transcendence whether it be the creature s self oblation to

the Creator the reverence of an inferior for a superior a superior's generosity toward an inferior or the mutual affection and help of equals joined in friendship Love of persons for their own sake generates an ecstatic love in which the self is borne as a gift to another subject by sharing a common life aspiring to common goods Kwasniewski also examines Aquinas on the question of whether or not God experiences ecstasy and if so in what ways The Ecstasy of Love in the Thought of Thomas Aquinas makes a significant contribution to our understanding of the doctrine of love and to the interpretation of the thought of St Thomas Aquinas It is more than an analysis of key texts it is an illuminating guide to the grammar of ecstasy **From the Communal Reformation to the Revolution of the Common Man** Peter Blickle, 2021-10-11 From the Communal Reformation to the Revolution of the Common Man brings together important studies related to a coherent interpretation of the Reformation and the Peasants War of 1525 as a mass movement rooted in the structures of the communities of towns and villages The volume presents both detailed studies from the archives and conceptualized essays **'In the Footsteps of the Ancients'** Ronald G. Witt, 2000-03-31 This monograph demonstrates why humanism began in Italy in the mid thirteenth century It considers Petrarch a third generation humanist who christianized a secular movement The analysis traces the beginning of humanism in poetry and its gradual penetration of other Latin literary genres and through stylistic analyses of texts the extent to which imitation of the ancients produced changes in cognition and visual perception The volume traces the link between vernacular translations and the emergence of Florence as the leader of Latin humanism by 1400 and why limited to an elite in the fourteenth century humanism became a major educational movement in the first decades of the fifteenth It revises our conception of the relationship of Italian humanism to French twelfth century humanism and of the character of early Italian humanism itself In the Footsteps of the Ancients is the recipient of the Jacques Barzun Prize 2000 in Cultural History of the American Philosophical Society This publication has also been published in paperback please click here for details **Women, Gender, and Radical Religion in Early Modern Europe** Sylvia Monica Brown, 2007 This collection of essays explores the role of women and gender in a broad range of radical religious movements of the post Reformation **Leaves from Paradise** Jeffrey F. Hamburger, 2008 A pair of leaves recently acquired by Houghton Library presents an opportunity to examine the illuminated sequence composed in honor of John the Evangelist The richly decorated fragments promise to transform our understanding of the special place of Christ's beloved disciple in 14th century art liturgy theology and mysticism Cajetan on Sacred Doctrine Hieromonk Gregory Hrynkiw, Andrew, OP Hofer, 2020-10-16 Cardinal Tommaso de Vio 1469 1534 commonly known as Cajetan remains a misunderstood figure Cajetan on Sacred Doctrine is the first ever monograph on Cajetan as a theologian in his own right and it fills an immense lacuna in the debate on the nature of sacred doctrine from the Thomism of the Renaissance Confirming Cajetan as a key protagonist within the emergent Reformation this work delivers an indispensable immersion into his theological method in relation to his closest predecessors and contemporaries Hervaeus Natalis Blessed Duns Scotus Gregory of Rimini Johannes Capreolus Silvestro Mazzolini da

Priorio Martin Luther and others The first ever commentary on St Thomas Aquinas's entire Summa Theologiae was published by Cajetan This monograph focuses primarily on the Summa Theologiae Ia pars question 1 concerning sacred doctrine and how Cajetan unpacks the potency of Aquinas's opening syllogism setting forth a coherent division of the question and ultimately touching the mind of Aquinas when revealing the articles of the Apostles Creed as the Summa Theologiae's macrostructure Finally we are shown how Cajetan emphasizes the essential link between ecclesiology and the communication of sacred doctrine especially the papacy's role in guaranteeing the proposal and explication of the faith Cajetan's accomplishments as a biblical exegete established him as a renowned Renaissance scholar and a forerunner of future ecumenical dialogue Furthermore his grasp of theology's perennial properties continue to make him an important interlocutor in the renewed quest for a unity in theology in an ever more fragmented aggregation of theologies Cajetan's theological labor is a perpetuation of the *via antiqua* a biblical theological worldview handed down through Tradition St Gregory the Theologian 329-390 the *via antiqua*'s preeminent Eastern representative and chief theological constructor of Christendom offers the monograph's author himself a Byzantine Hieromonk a prime opportunity for a few closing insights on the innate symphony between two very distant periods and distinct theological traditions within the one ecumenical Church
