## Origin Of The Brunists The:

*The Origin of the Brunists* Robert Coover,2000 A coal mine explosion in a small mid American town claims ninety seven lives The only survivor a peculiar man subject to religious visions is adopted as a prophet and quickly gains a following Rapidly disseminated through the magic of media exposure the cult spreads across America and as its members gather on the Mount of Redemption to await the apocalypse Robert Coover lays bare the madness of religious frenzy and the sometimes greater madness of normal citizens *The Origin of the Brunists* Robert Coover,1971 *Understanding Robert Coover*

Brian Evenson,2003 This text takes on the work of Robert Coover a major figure of postmodern metafiction In an analysis of Coover s short stories and novels it demonstrates how Coover writes in several different modes that cross over into one another

**The Metafictional Muse** Larry McCaffery,2010-10-12 McCaffery interprets the works of three major writers of radically experimental fiction Robert Coover Donald Barthelme and Willam H Gass The term metafiction here refers to a strain in American writing where the self concious approach to the art of fiction making is a commentary on the nature of meaning itself *The Origin of the Brunists, Etc* Robert COOVER,1967 *The Cambridge History of the American Novel*

Leonard Cassuto,2011-03-24 An authoritative and lively account of the development of the genre by leading experts in the field

*In a Dark Time* Joseph Dewey,1990 What was gunpowder Trivial What was electricity Meaningless This atomic bomb is the Second Coming in wrath Winston Churchill July 1945 Commencing earnestly in the1960s the American novel began its exploration into how mankind could adjustto life in the shadow of the mushroom cloud how we could begin to think aboutthe Unthinkable American writers faced squarely the age birthed by nuclearphysics and found in its very darkness difficult

avenues to hope byrediscovering that most potent traditional response to a history in crisis the apocalyptic temper Dewey focuses on seven novelsthat touch the variety of generic experiments and postures of the post WorldWar II American novel

These novels by Vonnegut Coover Percy Pynchon Gaddis and DeLillo represent a significant argument concerning the Americanliterary response to living within the oppressive technologies of the NuclearAge Departing from other studies that

veer toward speculative fiction ortoward the more narrowly defined religious angles *In a Dark Time* defines the apocalyptic temper as a most traditionalliterary genre that articulates the anxieties of a community in crisis a wayfor that community to respond to the perception of a history gone critical byturning squarely to that history and to find in that gesture the way

toward a genuine hope Dewey s new approach consistsof applying the theory of apocalyptic literature to a body of essentiallysecular writings Dewey resists the traditional approach studying worksdealing with nuclear devastation to focus

on how a generation of literaryresponses have dealt with the larger questions about how to live with therecognition of End times Dewey convincingly demonstrates that this literaturereminds its moments in history that only in a dark time will the eye begin tosee

**Dissident Postmodernists** Paul Maltby,2016-11-11 Critics who hold that postmodernist art is essentially adversarial and apolitical have ignored the historical context of the postmodern focus on the problems of language

Paul Maltby examines a major current of postmodernist fiction that can be read as a dissident response to developments of late capitalism that have transformed the field of language and communication *Encyclopedia of Apocalyptic Literature* Valerie P. Zimbaro, 1996 This text which is by no means inclusive of all of the world's apocalyptic writings is intended both as an introduction to this timely literary genre as well as a tribute to the world's major authors whose prose and poetry reflect their respective hopes dreams and fears for the world's last days Although the book is intended to address apocalyptic literature across cultures there is a significant dearth of material related to works by writers from Eastern cultures This omission is an obvious one inasmuch as the concept of an apocalypse or a singular cataclysmic ending is essentially antithetical to most cyclical Eastern philosophies In an attempt to analyze such apocalyptic themes of either non Western primitive or pre literate cultures a list of entries pertaining to significant apocalyptic myths legends and scriptures has been provided in appendix D *American Novelists Since World War II* Jeffrey Heltzman, Richard Layman, 1978 Contains alphabetically arranged entries that provide career biographies of eighty American authors who either began writing novels after 1945 or have done their most important work since then each with a list of principal works and a bibliography

**Beacham's Encyclopedia of Popular Fiction** Kirk H. Beetz, 1996 The Bang and the Whimper Zbigniew Lewicki, 1984-04-24 **The Brunist Day of Wrath** Robert Coover, 2014 When the Brunists return to West Condon five years after being exiled cult member Abner Baxter vows to rid the town of all but the true believers **Robert Coover** Richard Andersen, 1981 **The Lost Saranac Interviews** Joe David Bellamy, Connie Bellamy, 2007-10-03 Presents transcripts of conversations had and photographs taken at Saranac Lake in New York where distinguished writers including Margaret Atwood Joyce Carol Oates and Russell Banks congregated in the late 1970s to discuss their work and the joys and hardships of authorship The Antioch Review John Donald Kingsley, 1982 **Masterplots 1970 Annual**, 1970 *Novel Vs. Fiction* Jackson I. Cope, Geoffrey Green, 1981 Summary A musical based on the life and music of Jerome Kern *Editorial Files for The Origin of the Brunists, 1965-1966* Robert Coover, 1965 **Robert Coover** Lois G. Gordon, 1983 With works ranging thematically and stylistically from The Universal Baseball Association to The Public Burning from Pricksongs and Descants to Spanking the Maid Robert Coover emerges as one of the most vibrant writers from a remarkable avant garde that in the mid 1960s mounted serious assault on traditional ideas of form and content in world literature Lois Gordon here defines Coover's novels short stories and plays in terms of his contemporaries among Americans Donald Barthelme William Gass John Hawkes and others among Europeans Julio Cortazar Robert Pinget and Italo Calvino to name a few These writers dismiss the conventions of traditional form linear plot character development definable theme Aristotle's unities of time and space as no longer appropriate in the modern world Coover writes in a dazzling variety of forms and styles in each he demonstrates a diversity of the style and manipulates the trappings of every conventional form from Old Comedy to theater of the absurd He also translates or transposes techniques associated with other art forms such as film montage or operatic

interlude In Coover's hands any of these forms are fair game for parody Gordon notes Coover's method more specifically is this at the same time that he maintains a strong narrative line he counterpoints it his musical term is descants with numerous mythic legendary or symbolic levels which serve to explode any final meaning or resting point Nothing is static personality event human values Coover writes about a continual flux in which everything is constantly qualified and dramatically altered He portrays the public and private rituals that man construes to barter inner and outer disorder
