We Rode the Orphan Trains Andrea Warren, 2001 Listen to child orphans as they share their memories of transition and adventure disappointment and loneliness but ultimately of the joy of belonging to their own new families They were throwaway kids living in the streets or in orphanages and foster homes Then Charles Loring Brace a young minister working with the poor in New York City started the Children s Aid Society and devised a plan to give homeless children a chance to find families to call their own Thus began an extraordinary migration of American children Between 1854 and 1929 an estimated 200 000 children mostly from New York and other cities of the eastern United States ventured forth to other states on a journey of hope Andrea Warren has shared the stories of some of these orphan train riders here including those of Betty who found a fairy tale life in a grand hotel Nettie Evans and her twin Nellie who were rescued from their first abusive placement and taken in by a new kindhearted family who gave them the love they had hoped for brothers Howard and Fred who remained close even though they were adopted into different families and Edith who longed to know the secrets of her past This is powerful nonfiction for classroom and personal reading and for discussion School Library Journal starred review

Orphan Train Christina Baker Kline, 2019-01-08 From Christina Baker Kline comes a novel about two women one about to age out of the foster care system the other 90 years old and carrying both a tremendous secret and a story of a life formed by a part of American history almost entirely forgotten the Orphan Trains Molly Ayer has one last chance and she knows it Close to being kicked out of her foster home just months from turning 18 and aging out of the system Molly should be grateful that her boyfriend found her a community service project helping an old lady clean out her home Molly can t help but think that the 50 hours will be tedious but at least they ll keep her out of juvie and right now that s all she cares about Ninety one year old Vivian Daly has lived a quiet life on the coast of Maine for decades But in her attic hidden in trunks are keys to a turbulent past Molly is about to discover as she and Vivian unpack her possessions and memories that Vivian s story is a piece of America s tumultuous history now largely forgotten the tale of a young Irish immigrant orphaned in New York City and put on a train to the Midwest with hundreds of other orphaned children whose destiny would be determined by luck and chance As Molly digs deeper she finds surprising parallels in her own experience as a Penobscot Indian and Vivian s story

and Molly realizes that she has the power to help Vivian find answers to mysteries that have haunted her for her entire life Rich in detail and epic in scope **THE TRAIN RIDER** is a powerful novel of upheaval and resilience of second chances of unexpected friendships and of the secrets we carry with us that keep us from finding out who we are **The Orphan Trains** Alice K. from these children The trains gave the children a fighting chance to grow up D Bruce Ayler By the middle of the 19th century New York City s population surpassed the unfathomable number of 1 million people despite its obvious lack of space This was mostly due to the fact that so many immigrants heading to America naturally landed in New York Harbor well before the federal government set up an official immigration system on Ellis Island At first the city itself set up its own immigration registration center in Castle Garden near the site of the original Fort Amsterdam and naturally many of these immigrants who were arriving with little more than the clothes on their back didn t travel far and thus remained in New York Of course the addition of so many immigrants and others with less money put strains on the quality of life Between 1862 and 1872 the number of tenements had risen from 12 000 to 20 000 the number of tenement residents grew from 380 000 to 600 000 One notorious tenement on the East River Gotham Court housed 700 people on a 20 by 200 foot lot Another on the West Side was home incredibly to 3 000 residents who made use of hundreds of privies dug into a fifteen foot wide inner court Squalid dark crowded and dangerous tenement living created dreadful health and social conditions It would take the efforts of reformers such as Jacob Riis who documented the hellishness of tenements with shocking photographs in How the Other Half Lives to change the way such buildings were constructed While the Melting Pot nature of America is one of its most unique and celebrated aspects the conditions also created a humanitarian crisis of sorts In the 19th century child labor was still the norm especially for poor families and no social welfare systems were in place to provide security for people As a result if a child was abandoned or orphaned they were at the mercy of an ad hoc system of barely tolerable orphanages with little to no centralization Minorities and immigrants were also discriminated against on the basis of ethnicity and religion Into this issue stepped the Children s Aid Society led by Charles Loring Brace who determined he could improve abandoned kids futures by helping relocate them further to the West which would also help Americans settle the frontier By coordinating with train companies Brace was able to transport dozens of children at a time to places in the heartland of America or further out west where they would end up in new homes decades before the existence of foster care Genealogist Roberta Lowrey a descendant of one of these orphans noted that the situations for many of those on the Orphan Trains were vastly different but in all the system worked Many were used as strictly slave farm labor but there are stories wonderful stories of children ending up in fine families that loved them cherished them and educated them They were so much better off than if they had been left on the streets of New York They were just not going to survive or if they had their fate would surely have been awful In time the success of the system led to coordination between dozens of agencies across multiple cities including Boston and Chicago helping move thousands of endangered children from the East Coast to other parts of the nation Nearly 1 000 children were being transported a year at the height of the program which lasted into the 1920s

Orphan Trains and Their Precious Cargo Herman Clarke,2012-02-10 By the mid 1800s the street corners of New York City were home to several thousand homeless abandoned and orphaned children These poor unfortunates were often the sons and daughters of

newly arrived immigrants separated from their parents or relatives in the confusion and chaos of Ellis Island and forced by circumstance to fend for themselves. Although some found refuge in orphanages and sanitariums, these facilities were ill suited for the care of these children and lacked the resources to provide for more than a handful at a time. Those that remained on the street often turned to theft and burglary or even prostitution as a means of survival, compounding the city's already rampant crime problem. Clearly a solution was needed for the good of both New York City and its orphan population. Relief came with the establishment of the Children's Aid Society in 1853 by one Charles Loring Brace. Brace was a theologian and a reformer whose answer to New York's orphan problem was a practice known simply as placing out. The society would gather likely orphans and send them west by train in groups of anywhere from six to one hundred individuals, stopping at predetermined destinations where it was known foster homes were available. The American West was at this time in critical need of laborers in both agriculture and industry, and many families were eager to provide foster homes to a child who was willing to work. Children would be periodically checked on by an agent of the society and were required to write the society at least twice a year describing their experiences. As with any foster care system, placing out could be a hit or miss affair; many children would bounce from home to home, and some were returned to New York as undesirables. There were many success stories, however, with orphans finding supportive homes and loving foster families. Some were actually adopted into the families with which they were placed. All faced the challenge of a new life in unfamiliar surroundings without the comfort of friends, relatives, and siblings left behind. The orphan trains of the Children's Aid Society ran until 1929, and this text presents the story of one of its agents, the Rev. Mr. Herman Clarke. Rev. Clarke entered the employ of the Society in 1900 and was a tireless devotee to the children entrusted to his care. His ministry was in Dodge Center, Minnesota, and he was later placed in charge of Children's Homes in Cincinnati, Ohio, and Battle Creek, Michigan. Over the years, he would travel thousands of miles on the rails with his orphan charges and received as many as two thousand letters a year from them. In the twilight of life, the reverend began to compile scrapbooks for his grandchildren, detailing both the family's genealogy and his years spent working with the society. Six out of these seven scrapbooks have been discovered by the author, and they form the basis of this history. Numerous photographs of orphans and their foster families, as well as facsimiles of advertisements published by the society and a special section of orphan train poetry, enrich this text.

Last Train Home Renée Wendinger, 2014-02-14

LAST TRAIN HOME is an American story about cultural identity and family history set during the nineteenth century at a time when America received an enormous influx of immigrants and a quarter of a million children were sent west from East Coast cities to America's heartland by orphan train. The story highlights a little-known but historically significant moment in our country's past by tracing the individual journeys of two children, Johnny and Sophia, to bring about the distinction of these children to find families and homes. A true story of friendship and discovery, Last Train Home weaves individual riders' stories into a powerful tale of upheaval and resilience, of second chances and triumph over tribulation, building strength of mind and
