**Orsinian Tales** Ursula K. Le Guin, 1976 The place is Orsinia a land of medieval keeps standing guard above walled cities and of railways stretching across karsts to vanish in mountains where the old gods still live *Orsinian Tales* Ursula K. Le Guin, 2004-12-14 Orsinia a land of medieval forests stonewalled cities and railways reaching into the mountains where the old gods dwell A country where life is harsh dreams are gentle and people feel torn by powerful forces and fight to remain whole In this enchanting collection Ursula K Le Guin brings to mainstream fiction the same compelling mastery of word and deed of story and character of violence and love that has won her the Pushcart Prize and the Kafka and National Book Awards

**Orsinian Tales** Ursula K. Le Guin, 2016-09-06 A collection of Le Guin's historical fiction writings set in an imaginary central European nation complete with a newly researched chronology of her life and career In a career spanning half a century Ursula K Le Guin has produced a body of work that testifies to her abiding faith in the power and art of words She is perhaps best known for imagining future intergalactic worlds in brilliant books that challenge our ideas of what is natural and inevitable in human relations and that celebrate courage endurance risk taking and above all freedom in the face of the psychological and social forces that lead to authoritarianism and fanaticism It is less well known that she first developed these themes in richly imagined historical fiction set in the imaginary East European country of Orsinia including the enchanting stories collected in *Orsinian Tales* These brilliantly rendered stories recount episodes of personal drama set against a history that spans Orsinia's emergence as an independent kingdom in the twelfth century to its absorption by the eastern Bloc after World War II Here is a dimension of Le Guin's extraordinary literary imagination that will surprise and delight readers *Orsinian Tales* Ursula K. LeGuin, 2017-04-20 Among the less traveled mountains and plains of Central Europe a little east of Austria perhaps and north of Slovenia lies the old kingdom of Orsinia A land of forests and quiet farmlands and towns with its capital city Krasnoy on the broad Molsen River Orsinia has always found itself like all the countries of Europe subject to forces beyond its borders Yet cast as they are in the shadow of tyrannies both Western and Eastern the lives and dreams of its free people are no less important than the great arguments of Europe's emperors and dictators Here then are those lives in tales of romance and blood lust hope and fear freedom and tyranny passion and despair Tales of love of life and of death and amidst the great 19th century rise of liberalism and nationalism a tale of revolution

against the might of the Hapsburg Empire This is Orsinia and these are her stories      **Orsinian Tales-CC** ,      Ursula K. Le Guin: The Complete Orsinia (LOA #281) Ursula K.
