## WHAT AND WHERE ARE MIDDLE SCHOOLERS LEARNING ABOUT SOCIAL MEDIA?

In a mixed method study, we surveyed 229 school staff members and 419 parents from 4 school districts in the Northeast and interviewed 30 parents and 6 school staff members.

### Most frequently discussed topics amongst educators:

49% of educators discussed how student technology use **interferes with sleep**

46% of educators discussed students **craving constant access to devices**

43% of educators discussed considering **how online posts affect others**

### Most frequently discussed topics amongst parents:

With 92% of parents reporting discussing **stranger danger**, it was the most popular topic from our survey

90% of parents discuss **cyberbullying** and mean online behaviors

85% of parents warned their children of being influenced by **peer-induced risky behaviors** online (vaping, skipping school, alcohol, etc.)

## FINDINGS

- Educators focused on the prevention of their students being victimized by their own addictive and self-regulatory behaviors while parents focused more on preventing their teens from unsafe or risk-taking online peer influences.
- The fact that educators and parents **focus on different aspects** of the digital wellbeing of the child could be turned into a strength of a home-school partnership that is not competing but **complementary** with one another.

## Trends in Language Teaching, Literature, Cultural Studies, and Linguistic Dr.

P. Athahar, Dr. S. Mohankumar, Dr. R. Sriganesh, Dr. K. Shaheen, Dr. Saktheeswar V. B. This book, titled Trends in Language Teaching, Literature, Cultural Studies, and Linguistics, embarks on a journey that transcends borders, delves into the intricacies of language, and celebrates the rich tapestry of human expression. Language is more than mere communication; it's a mirror reflecting our collective identity, aspirations, and cultural heritage. As educators, scholars, and language enthusiasts, we recognize that our field is ever-evolving. New methodologies emerge, literary landscapes shift, and cultural contexts shape our understanding of words and their power. In this book, we explore four interconnected domains: Language Teaching, How do we inspire language learners? What innovative pedagogies foster fluency and cultural competence? Our contributors share practical insights and theoretical frameworks. Literature: From timeless classics to contemporary voices, literature invites us to explore the human condition. We discuss trends, genres, and the transformative impact of storytelling. Cultural Studies: Culture is the heartbeat of language. We delve into cultural nuances, intercultural communication, and the ways in which literature reflects societal shifts. Linguistics: The science behind language, its structure, evolution, and sociolinguistic dimensions, fuels our curiosity. Linguists unravel mysteries, and we follow their trail. Within these chapters, you'll encounter passionate educators and rigorous researchers. Their voices harmonize, creating a symphony of ideas. We celebrate diversity of languages, perspectives, and methodologies. Together, let's navigate the currents of change, guided by empathy, curiosity, and a shared love for language.

Global Trends in Media Education Tony Lavender,Birgitte Tufte,Dafna Lemish,2003 Over the last decades Media Education has gradually obtained an educational status in many countries throughout the world although few countries have actually incorporated this subject in their formal school curricula Where Media Education is taught today it is principally carried out using a relaxed pluralistic and a cross or multidisciplinary approach This book sets out to explore this new approach to the subject via chapters that are representative of ongoing work by leading Media Education researchers in nine different countries and from all five continents Media Education is continually evolving and the individual chapters indicate that the passion for the subject is global while the actual translations of practices and policies are very much local The book expands the debate about Media Education beyond the traditions and interests of one part of the world to encompass the needs of the rest
