Origen Against Plato M.J Edwards,2017 This title was first published in 2002 Origen 185 254 is regarded as one of the figures chiefly responsible for the contamination of biblical theology with pagan philosophy in the early church Edwards argues that Origen set out to construct a Christian philosophy yet he did so with the intention of preserving theology from the infiltration of pagan thought Examining the question of philosophical influence on Christian thought Edwards argues that scholars have often leapt to unjustified conclusions based simply on common vocabulary or parallel development This book advances new interpretations of the early Christian systems which are generally called Gnostic and the Doctrine of the Trinity in Origen s Platonist teacher Clement of Alexandria Edwards concludes that Origen s hermeneutics eschatology cosmology and Trinitarian theology are all related to his understanding of human nature which is radically opposed to that of Platonism Provided by publisher Origen Against Plato Mark Julian Edwards,2017-11-01 This title was first published in 2002 Origen AD 185 254 is regarded as one of the figures chiefly responsible for the contamination of biblical theology with pagan philosophy in the early church Edwards argues that Origen set out to construct a Christian philosophy yet he did so with the intention of preserving theology from the infiltration of pagan thought Examining the question of philosophical influence on Christian thought Edwards argues that scholars have often leapt to unjustified conclusions based simply on common vocabulary or parallel development This book advances new interpretations of the early Christian systems which are generally called Gnostic and the Doctrine of the Trinity in Origen s Platonist teacher Clement of Alexandria Edwards concludes that Origen s hermeneutics eschatology cosmology and Trinitarian theology are all related to his understanding of human nature which is radically opposed to that of Platonism

Origen Against Plato Mark J. Edwards,2002 Origen s work contains the antibodies to Platonism as proof that he has suffered and resisted its attacks **The Writings of Origen. Volume II. Origen Contra Celsum, Books II.-VIII.** Origenes,1872 **Origen's Revenge** Brian Patrick

Mitchell,2021-10-11 Is the difference of male and female to be completely shaken off so that men and women are no longer men and women but merely human beings The great seventh century saint Maximus the Confessor said yes but such thinking is difficult if not impossible to reconcile with much else in Christian tradition that obliges men and women to live as either men or women Origen s Revenge contrasts the two main sources of early Christian thinking on male and female the generally negative view of Greek philosophy limiting sexual distinction to the body and holding the body in low regard and the much more positive view of Hebrew Scripture in which sexual distinction and reproduction are both deemed naturally good and necessary for human existence These two views account for much of the controversy in early Christianity concerning marriage and monasticism They also still contribute to current controversies over sex roles gender identity and sexual ethics Origen s Revenge also develops the more Hebrew line of early Christian thought to propose a new understanding of male and female with a firmer grounding in scripture tradition theology and philosophy and with profound implications for all human

Reincarnation surveys the writings of Origen a controversial Christian theologian whose life straddled the third and fourth
centuries By placing his work in the context of his theological predecessors Eric Liberatos uses this analysis to trace the
development of Origen s distinctive doctrines such as reincarnation His review of the history of the period concludes that
Origen s condemnation by ecumenical councils arose from the virulent polemics and contentious politics of various
ecclesiastical leaders of the period The Case against Origen and Reincarnation will appeal to all who seek to understand the
development of Christian thought and the influences of politics and personality on the church s theologies Award winning

evaporate into barren idealism his theology is shown to have no other source and aim than historical occurrences Fronting
assertions that he has no eschatological ideas this Eschatology is explicated in all its clarity Light is cast upon the
Aristotelian character of Origen s doctrine of apokatastasis proving this based on ontological necessity not a historical one
