Orphans Of Earth:

Orphans of Earth Sean Williams, Shane Dix, 2014-04-01 The sole survivors of the human race and their time is running out In the wake of Earth s fall Peter Alander has just one choice to use the alien Gifts left behind on his distant colony world to warn other missions of their impending demise a second wave of alien ships this time intent on destroying everything in their path Without the Gifts humanity would have no hope at all although no one truly understands them and it is becoming increasingly certain that the very use of them is what draws the enemy on Out of the dark comes help from an entirely unexpected quarter Peter Alander and his fellow survivors are not the only victims of the terrible Starfish But what if the cost of that help is too high What if the price is humanity itself This book shines Cinescape High adventure in deep space for fans of far future SF Library Journal Nominated for the Aurealis and Ditmar Awards **The Orphans of Earth** Scott

Cronin, 2020-11-10 Todd is an orphan who drifts through high school hardly saying anything to anyone He has few friends he feels no connection to anyone and he s tormented daily by a bully His small hometown of Kirkland has been hit hard by the 1980 s recession his adoptive father died a few years ago and his family is broke Despite being a whiz at computers he doesn t feel he has any future until one day he speaks to an orphan from Chicago who had been born in Kirkland and adopted in unusual circumstances He discovers he has a strange connection with other orphans who want to understand their past When he and the other orphans search Kirkland for clues they make a discovery that changes their lives and could change the course of humanity if they re not careful *COURT OF CREATION ON EARTH'S CASE BUNDLE THE SHELIVING OF*

Williams, Shane Dix, 2014-04-01 On the brink of extinction a suicide mission is humanity s last hope The Gifts of an alien race called the Spinners gave Peter Alander hope for the future of humanity All the Gifts did though was draw down the wrath of the Starfish another alien race apparently intent on wiping out all forms of competition Caught between the two humanity faces the hard decision of evolving into something else entirely simply to survive As their new alien allies prepare to leave human space forever a handful of survivors band together to make one last attempt to communicate with their enemies A single ship will leap into the very heart of the Starfish fleet attempting to find reason where none exists Space opera can be a

very comforting cozy mode with its interstellar empires and royalty and guilds But when dramatic Darwinian forces are brought into play as here space opera can become a kind of bracing near apocalyptic tale Paul di Filippo A melodramatic or space operatic take on Stapledon a grittier bleaker take on Clarke a vision very different from the triumphalism of traditional SF adventure but its darkness seems entirely appropriate to the twenty first century we actually inhabit Locus Nominated for the Aurealis Award
