Orthodoxy The American Spectators 20th Anniversary Anthology:

Orthodoxy ,1987 A collection of essays which appeared in the newspaper The American Spectator from 1969 to 1987

The Death of Liberalism R. Emmett Tyrrell,2012-05-07 The grave is dug the headstone carved the hearse idling out front A once potent political and cultural scourge of our time Liberalism is breathing its last and loudest breaths In this provocative postmortem R Emmett Tyrrell Jr traces the dubious rise and inevitable fall of the deeply flawed Liberal Progressive movement which has culminated in the nation s first stealth socialist President Barack Obama the unwitting pallbearer for American Liberalism While exposing this nonsensical worldview Tyrrell also winsomely reaffirms the timeless values Liberalism has endeavored to undermine free enterprise personal liberty limited government empiricism reason and common sense Ultimately Tyrrell welcomes conservatives moderates independents and the heretofore apolitical to step forward at this crucial juncture and take the final steps necessary to administer Liberalism s last rites From Harry Truman to Ed Koch to McGovern Liberalism has been in decline With Obama Liberalism is dead Now comes Crony Capitalism This is a hilarious and profound book especially because Tyrrell sees the value of Fox News nd Talk Radio Sean Hannity author of Conservative Victory and radio host of The Sean Hannity Show and Fox News Channel s Hannity R Emmett Tyrrell chronicles with growing joyfulness the high points of Liberalism s demise until we get to 2010 and Liberalism s lurch into the grave A wonderful read and a fitting send off to a very dreary ideology Mark Levin host of The Mark Levin Radio Show and author of the bestsellers Liberty and Tyranny and Ameritopia The Death of Liberalism is a dashing sharp well argued and succinct tract for the times Mr Tyrrell is a controversialist of stature a polemicist of robust energy and a man who knows how to present his case with power and precision Paul Johnson author of Modern Times Intellectuals and A History of the American People

Made In America Michael S. Horton,1998-12-16 There is a crisis of truth in our time asserts Michael Horton even in our evangelical church And it is due at least in part to our cultural accommodation Horton believes the time has come to call evangelicals back to faith and truth After the Hangover R. Emmett Tyrrell,2010-04-19 Looking for real hope and change The man Hardball host Chris Matthews calls the legendary R Emmett Tyrrell Jr has done it again Tyrrell author of such tours de force as New York Times bestseller Boy Clinton The Political Biography The Liberal Crack Up and The Conservative Crack Up serves up an insightful and delightful exploration of the past present and future of American conservatism or what he terms America s longest dying political philosophy And its future is bright Tyrrell begins with a sparkling distillation of conservative theory and history complete with personal anecdotes from his decades in the movement inspired by its luminaries bored by its dim bulbs He explains the nature of the conservative temperament its political libido and how it plays out in today s curious political culture examines the vital role of a true political culture and solidarity in opposing the left and then offers a comprehensive agenda for the future of the movement that every political player on both the right and the left will have to read to grapple with in 2010 and 2012 Tyrrell also considers American Liberalism its excesses quirks and near

suicidal instinct Far from offering mere indictment however Tyrrell also delivers a unique perspective on Liberalism s strengths such as its intramural ecumenism and rare ability to rally around shared causes explaining how conservatives could learn and profit from the example It goes without saying that through it all Tyrrell s famous humor crackles and lifts the spirit Conservatives looking for perspective on the current scene a richer understanding of their shared past and hope for the future will find After the Hangover as refreshing as it is restorative PREVIOUS ACCLAIM The legendary R Emmett Tyrrell Jr CHRIS MATTHEWS No columnist no author has had a greater influence upon the course of American political history over the past decade than that ribald contrarian R Emmett Tyrrell Jr Even the slain giants die laughing TOM WOLFE Washington would not be the same without Bob Tyrrell and neither would the American conservative movement While dilettantes come and go the relentless and irrepressible Tyrrell is forever DAILY TELEGRAPH LONDON Tyrrell is the master of a particular form taking broken shards of silliness deviance hypocrisy crime and treason shaping them into Erasmian examples of human folly and doing so with style and flow ARAM BAKSHIAN Tyrrell alerts us to the dangers our political system faces and he does it with the insight wit and style that mark him as a great American writer BOB BARR R Emmett Tyrrell Jr has written a stimulating book which should cause many Americans to rethink positions they have taken in the debates of the past decade HENRY KISSINGER For a man I disagree with as much as Emmett Tyrrell I must say that I enjoyed the sheer hell out of his book NORMAN MAILER Why Conservatives Tell Stories and Liberals Don't David M Ricci,2015-12-03 Why do conservatives tell stories Because it helps them win elections and assail liberal policies like health care reform and economic stimulus Why is important but the what and the how behind the stories that conservatives tell are equally interesting and in this new book David Ricci reveals all He shows how conservative activists and candidates tell many tales that come together to project a large scale story a cultural narrative a vision of what America is and what it should do to prosper socially economically and politically Liberals by contrast tend to look for theories rather than stories for mathematical explanations rather than theological axioms for data rather than anecdotes and for statistics rather than homilies The difference is paradoxical Liberals are unlikely to fashion sweeping narratives that capture the public s attention and commitment Yet conservatives may tell attractive stories like the ones that got us into Iraq that momentarily capture voter support but end up costing the country more than it can afford **Conservative Intellectuals and Richard Nixon** S. Mergel,2010-01-04 Conservative Intellectuals and Richard Nixon explores the relationship between postwar conservatives and the president from 1968 to 1974 Seemingly casting those years out of their history conservatives have never fully explored how Richard Nixon affected their movement They fail to realize the extent his presidency helped refocus their fight against liberalism and communism Mergel uses the Nixon years as a window into the Right s effort to turn ideology into successful politics It combines an assessment of Nixon s presidency through the eyes of conservative intellectuals with an attempt to understand what the Right gained from its experience with Nixon **Orthodoxy** ,1987 A collection of essays

which appeared in the newspaper The American Spectator from 1969 to 1987 *The Spectator* ,1987 **Journal of American Culture** ,1996 **Crime and the Sacking of America** Andrew Peyton Thomas,1994 Challenges Americans to understand and solve the violent crime problems in this country Modern Conservative Thought Bill Muehlenberg,1990
