Redefining Latin American Historical Fiction H. Weldt-Basson, 2013-06-05 Current scholarship on Latin American historical fiction has failed to take feminism and postcolonialism into account. This study uses these important contemporary discourses as a starting point for a new definition of the Latin American historical novel that includes national identity, magical realism, historical intertextuality and symbolism. [Handbook of Latin American Studies](#) Dolores Moyano

Martin, 1999-01-01 Beginning with volume 41 (1979) the University of Texas Press became the publisher of the *Handbook of Latin American Studies*, the most comprehensive annual bibliography in the field. Compiled by the Hispanic Division of the Library of Congress and annotated by a corps of more than 130 specialists in various disciplines, the *Handbook* alternates from year to year between social sciences and humanities. The *Handbook* annotates works on Mexico, Central America, the Caribbean and the Guianas, Spanish South America and Brazil, as well as materials covering Latin America as a whole. Most of the subsections are preceded by introductory essays that serve as biannual evaluations of the literature and research under way in specialized areas. The *Handbook of Latin American Studies* is the oldest continuing reference work in the field. Dolores Moyano Martin of the Library of Congress Hispanic Division has been the editor since 1977 and P. Sue Mundell was assistant editor from 1994 to 1998. The subject categories for Volume 56 are as follows: Electronic Resources for the Humanities, Art History, including ethnohistory; Literature, including translations from the Spanish and Portuguese; Philosophy; Latin American Thought; Music.

A Escrita do Chão Ronaldo Lucena, 2014-08-08 De retratos repentinos feita esta escrita no chão cruzando paredes, atravessando mundos e trespassando a memória da luz e das trevas. Um coral que se escuta como um corpo de pedra que amanhece. Um belo livro escrito na intimidade dos elementos e dando corpo a uma linguagem capilar que transforma os curtos enredos em estados de alerta que não cabem em si. Luis Carmelo, escritor português.
