The structured training programme, timed over three terms, includes: a complete review of E-Safety procedures in the light of the Every Child Matters agenda; a Developing a funding model in order to plan for ICT developments together with a broader ICT action planning review to embed a revised E-learning vision through a series of long-term sustainable actions; a Reviewing the curriculum in order to examine how the E-Learning community will adapt its core practices to facilitate new technology; a the evolving role of school websites as they assume interactivity and examine the place of E-Learning within the extended schools agenda; a Reviewing the use of ICT as a tool for management systems and discussing how ICT can be used to support different groups of children; a examining self-evaluation strategies linked to the school's SEF, the Ofsted Section 5 Framework and Every Child Matters.
