The New England Historical Register On April 8th 1630 John Winthrop and his seven hundred fellow travelers began their voyage to start a new life in the wilderness of North America. Arriving on the eastern seaboard in June they eventually decided to base their Massachusetts Bay Colony around Boston where Winthrop would build his house and aid in the building of their settlement. Over the course of the next ten years a further twenty thousand immigrants arrived in New England and established themselves under the leadership of the colony. Despite the fact that these Puritans had escaped the religious persecution they had suffered in England their lives in the Americas were frequently plagued with disease, crop failures and conflicts with the natives. Yet the Massachusetts Bay Colony survived and thrived through the early seventeenth century. Winthrop who became governor of the colony three times records fascinating details of colonial life from minor everyday moments through to the wider religious and political events that shaped their new world in the Americas. Winthrop

s Journal is essential reading for anyone interested in the history of New England and how the early settlers of America survived their first trials and tribulations John Winthrop 12 January 1587 26 March 1649 was an English Puritan lawyer and one of the leading figures in founding the Massachusetts Bay Colony the second major settlement in New England following Plymouth Colony Winthrop led the first large wave of immigrants from England in 1630 and served as governor for 12 of the colony s first 20 years Winthrop kept a journal of his life and experiences starting with the voyage across the Atlantic and continuing through his time in Massachusetts originally written in three notebooks The first two notebooks were published in 1790 by Noah Webster The third notebook was long thought lost but was rediscovered in 1816 and the complete journals were published in 1825 and 1826 by James Savage as *The History of New England from 1630 1649* By John Winthrop Esq First Governor of the Colony of the Massachusetts Bay *The History of New England: The founding of New England* James Truslow Adams,1921 *Magazine of New England History* ,1891 History of New England ...: History of New England from the revolution of the seventeenth century, to the revolution of the eighteenth John Gorham Palfrey,1890 **History of New England** John Gorham Palfrey,1882 The accompanying map is a fac simile on a reduced scale of that published by Smith in the first edition of his *Description of New England* 616 volume 1 page 94 note 1 **The Early History of New England** Henry White,1856 **The Early History of New England, Illustrated by Numerous Interesting Incidents.** **Ninth Edition** Rev. Henry WHITE (of New Hampshire.),1845 **The Massachusetts Bay Colony** Charles River Charles River Editors,2017-01-31 Includes pictures Profiles important figures like John Winthrop Roger Williams and others Includes online resources and a bibliography for further reading Includes a table of contents The first successful American colony in North America was settled in 1607 at Jamestown Virginia Though the Virginian colonists had difficulty in the beginning by the late 1620s the Chesapeake area was thriving having become a haven for those seeking economic opportunity in the new world Pressures in England were growing as King Charles I was on the throne Though Charles I himself was an Anglican many suspected him of Catholic sympathies a suspicion not alleviated by Charles I marriage to a French Catholic princess Many Protestants had a growing desire to practice their faith and conduct their lives away from the mother country and sought refuge in a destination called New England The land chosen by this group who could pay their own way across the Atlantic in contrast to the poorer settlers of the Chesapeake region was colder less abundant but far healthier than Virginia Alan Taylor sees this decision as one in classic Puritan fashion citing one settler s view If men desire to have a people degenerate speedily and to corrupt their minds and bodies too let them seek a rich soil that beings in much with little labor but if they desire that Piety and Godliness should prosper let them choose a Country such as New England which yields sufficiency with hard labor and industry The Puritans who came to America were therefore primed for hard work discipline and the independent life unlike their English counterparts who preferred Anglicanism and the traditional culture characterized by church ales Sunday diversions ceremonial services inclusive churches and deference to the monarch

Ultimately the men of the New England Company decided that the time had come to remove themselves from England and to pursue their lives in the Americas The Dorchester Company was founded by a group of investors with an interest in settlement in the New World This settlement would be a for profit venture but it would have as its two main causes the spreading of the Gospel to the Indian population and the stop of the spread of Roman Catholicism in the American colonies John White the company s leader also wanted to compete with the separatists who had begun the Plymouth colony in 1620 Cape Ann a promontory very near to Cape Cod was established by the Dorchester Company as an early settlement The fishing was excellent but Cape Ann proved unable to provide the farm goods needed to sustain the Puritan settlers who came to the New World The Dorchester Company was dissolved but investors seeking to salvage its aims formed the New England Company or Massachusetts Bay Company and secured a charter just before King Charles I dissolved the Parliament in 1629 The Massachusetts Bay Colony The History and Legacy of the Settlement of Colonial New England profiles the history of the colony as well as its most famous leaders and individuals Along with pictures of important people places and events you will learn about colonial New England like never before in no time at all Winthrop's Journal John Winthrop, 1908
