Guerrette, 2015-12-07 Innovative Discoveries for Ecumenical Ministries presents pertinent historical pastoral research considerations of the identity crisis in the priesthood requiring reconciliation of the hierarchical authority structures which have impaired authentic Christological pastoral leadership for decades This work offers multiple infrastructural models for an ecumenical church integrating denominational divisions with leadership planning toward reconciling Protestant Catholic and Orthodox ministerial structures through liturgical worshiping and para liturgical celebrating Richard Guerrette proposes active provisional mission projects with an innovative focus toward interactional liturgical models of neighborhood communities to compliment the ecumenical hierarchical ministries of Pope Francis with his leadership model of reconciliatory re building universal ministries with Judaic hierarchies and Orthodox liturgies **Can These Bones Live?** Jacqueline E. Lapsley, 2000 The series Beihefte zur Zeitschrift f r die alttestamentliche Wissenschaft BZAW covers all areas of research into the Old Testament focusing on the Hebrew Bible its early and later forms in Ancient Judaism as well as its branching into many neighboring cultures of the Ancient Near East and the Greco Roman world *Why Priests?* Paul Josef Cordes, 2010 When as we often hear there are too few priests can and should lay people assume some part of the priestly ministry And when all men and women have equal dignity in the eyes of God is it not also time to organize parishes democratically Also why does the Church need priests at all Just in time for the Year for Priests Paul Josef Cardinal Cordes the president of the Pontifical Council Cor Unum and a close friend of Pope Benedict XVI offers a wide ranging view of the priesthood which draws on the Holy Father s thinking and scholarship over a period of fifty years The book covers four major themes origins of priesthood development through the history of the Church the limitations and problems faced by priests and finally personal faith and the Church s salvific means Through these reflections the Cardinal offers a deeper understanding of the Catholic priesthood which is sure to be helpful for the priest and his parish the seminarian and his ambience as well as all those interested in the priestly ministry and the Church s decision making process What Makes an Artwork Great? Michael H. Mitias, 2024-06-04 Michael Mitias presents explains and defends in some detail the features that make an artwork great magic universality and the test of time Although some aestheticians beginning with Longinus discussed these features during the past two millennia they did not analyze them comprehensively nor did they justify them from the standpoint of a satisfactory conception of the nature of art In this book the author first explains the nature of the features that make an artifact art and then proceeds to establish the validity of his thesis on firm epistemological and ontological foundations In his endeavor to explicate the nature of this foundation the author answers four questions First what is the genesis of the artwork What makes it art He answers this question by

advancing a concept of aesthetic depth The essence of this depth is human meaning Second under what perceptual conditions does this depth come to life in the process of aesthetic perception Third what is the role of the concept of aesthetic depth in the analysis of the nature of the great artwork How does the concept of aesthetic depth function as a principle of explanation Fourth how can we justify the attribution of magic universality and the test of time to the great work of art In short an understanding of the genesis of the artwork aesthetic depth aesthetic value and aesthetic perception is indispensable for an adequate conception of greatness in art **The Book of God** Walter Wangerin Jr.,2010-08-03

**Ethiopia** ,2003 **Celibacy, Seminary Formation, and Catholic Clerical Sexual Abuse** Vivencio O. Ballano,2024-04-30 Does the current celibate semi monastic and all male seminary formation contribute to the persistence of clerical sexual abuse in the Roman Catholic Church Applying sociological theories on socialization total institutions and social resistance as the primary conceptual framework and drawing on secondary literature media reports the author's experience interviews and Church documents this book argues that the Catholic Church's institution of the celibate seminary formation as the only mode of clerical training for Catholic priests has resulted in negative unintended consequences to human formation such as the suspension of normal human socialization in society psychosexual immaturity and weak social control against clerical sexual abuse The author thus contends that celibate training while suitable for those who do live in religious or monastic communities is inappropriate for those who are obliged to live alone and work in parishes As such an alternative model for diocesan clerical formation is advanced A fresh look at the aptness and effects of celibate formation for diocesan clergy this volume is the first to relate the persistence of Catholic clerical sexual abuse to celibate seminary formation exploring the structural links between the two using sociological arguments and proposing an apprenticeship based model of formation which has numerous advantages as a form of clerical training It will therefore appeal to scholars and students of religion sociology and theology as well as those involved with seminary formation *The Offerings Made Like Unto the Son of God*
