Charles Robert Maturin and the haunting of Irish romantic Fiction Christina Morin,2017-06-01 A self described disappointed Author Charles Robert Maturin 1780 1824 has been largely relegated to the margins of literary history since his death in 1824 Yet as this study demonstrates he exerted a fundamental influence on the development of Irish fiction in the early nineteenth century In particular his novels dramatically underscore the continuing presence and deployment of the Gothic mode in Romantic Ireland an influence now frequently overlooked in critical attention to the national and regional forms popularized in Ireland in the wake of Anglo Irish Union 1801 Working from Jacques Derrida s influential theory on ghosts this study positions Maturin as the cornerstone on which to build a new paradigm of Irish Romantic fiction one which accounts for the spectral traces of the past cultural social and political evident in early nineteenth century Irish fiction As it does so it calls for renewed critical and popular attention to an author who himself continues spectrally to emerge in the works of his literary successors

Women in the Arts in the Belle Epoque Paul Fryer,2012-11-02 This collection of new essays explores the role played by women practitioners in the arts during the period often referred to as the Belle Epoque a turn of the century period in which the modern media audio and film recording broadcasting etc began to become a reality Exploring the careers and creative lives of both the famous Sarah Bernhardt and the less so Pauline Townsend across a remarkable range of artistic activity from composition through oratory to fine art and film directing these essays attempt to reveal in some cases for the first time women s true impact on the arts at the turn of the 19th century

The Paranormal Surrounds Us Richard Reichbart,2019-01-02 Shakespeare Tolstoy Joyce E M Forster and Ingmar Bergman all made the paranormal essential to their depiction of humanity Freud recognized telepathy as an everyday phenomenon Observations on parapsychological aspects of psychoanalysis also include the findings of the Mesmerists Jung Ferenczi and Eisenbud Many academicians attribute such psychic discoveries to poetic license rather than to accurate understanding of our parapsychological capacities The author a practicing psychoanalyst and parapsychologist and a lawyer familiar with Navajo culture argues for a fresh appraisal of psi phenomena and their integration into psychoanalytic theory and clinical work literary studies and anthropology
