New Labour A Critique:

New Labour Mark Bevir, 2005 An illuminative study of the most powerful political movement in Britain today Bevir presents new critiques and radical alternatives to New Labour Governance, Consumers and Citizens M. Bevir, F. Trentmann, 2007-09-12 This is the first book to focus on governance and cultures of consumption expanding the debate and raising new conceptions and policy agendas It questions the changing place of the consumer as citizen in recent trends in governance the tensions between competing ideas and practices of consumerism and the active role of consumers in governance **Local Government at the Millenium** Janice Caulfield, Helge O. Larsen, 2013-04-17 This volume with contributions by internationally renowned authors provides a comparative survey of problems in local politics and administration in Europe Australasia and North America *Rethinking Labour's Past* Nathan Yeowell, 2022-01-13 The Labour Party after Jeremy Corbyn is charting a new direction Here Nathan Yeowell has brought together a remarkable array of contributors to provide expert insight into twentieth century British history and Labour politics and how they might shape thinking about Labour's future Reframing the span of Labour history and its effects on contemporary British politics the book provides fresh thinking and analysis of various traditions themes and individuals These include the shifting significance of 1945 the need for more grounded interpretations of Tony Blair's legacy and the enduring importance of place identity and aspiration to the evolution of the party Contributions from leading historians such as Patrick Diamond Steven Fielding Ben Jackson Glen O Hara and Florence Sutcliffe Braithwaite are supplemented by those with experience of Labour electoral politics such as Rachel Reeves and Nick Thomas Symonds The result is an intellectually rich and politically relevant roadmap for Labour's future **The Scottish Question** James Mitchell, 2014-06-12 Over half a century ago a leading commentator suggested that Scotland was very unusual in being a country which was in some sense at least a nation but in no sense a state He asked whether something so anomalous could continue to exist in the modern world The Scottish Question considers how Scotland has retained its sense of self and how the country has changed against a backdrop of fundamental changes in society economy and the role of the state over the course of the union The Scottish Question has been a shifting mix of linked issues and concerns including national identity Scotland's constitutional status and structures of government Scotland's distinctive party politics and everyday public policy In this volume James Mitchell explores how these issues have interacted against a backdrop of these changes He concludes that while the independence referendum may prove an important event there can be no definitive answer to the Scottish Question The Scottish Question offers a fresh interpretation of what has made Scotland distinctive and how this changed over time drawing on an array of primary and secondary sources It challenges a number of myths including how radical Scottish politics has been and suggests that an oppositional political culture was one of the most distinguishing features of Scottish politics in the twentieth century A Scottish lobby consisting of public and private bodies became adept in making the case for more resources from the Treasury without facing up to some

of Scotland's most deep rooted problems *Socialist History*, 2005 **A Critique of Work** Françoise Gollain, 2004

Dinerstein, Mike Neary, 2002 Through a radical reinterpretation of Marx's social theory the contributors to this unique book revitalize the concept and reality of labour as the fundamental constitutive principle of the social world This refocus is inspired by the real changes in the forms of identity organization and struggle taking place in response to the global restructuring of capitalist work History of Labour in the United States John Rogers Commons, David Joseph Saposs, Helen Laura Sumner, Edward Becker Mittelman, Henry Elmer Hoagland, John Bertram Andrews, Selig Perlman, 1918 Thatcherism and British Politics, 1975-1999 Brendan Evans, 1999 What was the impact of Margaret Thatcher on British politics in the 20th century Why was she electorally so successful Has Thatcherism really been a distinct ideological phenomenon in the Conservative Party's history Was the ideological course of her governments charted before she came to power or was she the begetter of a new doctrine Modern Criticism Considered in Its Relation to the Fourth Gospel Henry William Watkins, 1890 **The Philosopher's Index**, 2007 Vols for 1969 include a section of abstracts The Economic Journal, 1907 Contains papers that appeal to a broad and global readership in all fields of economics Labour Law William Breen Creighton, Andrew Stewart, 1994 **Radical Mass Media Criticism** David Berry, John Theobald, 2006 This work examines early mass media critics and their controversial writings and links them with their contemporaries to demonstrate the relevance of their legacy for debates on media power and media ethics **A Conservative Consensus?** Peter King, 2006 New Labour would like to portray 1997 as a new beginning for public policy but Peter King argues that we now have in housing and in other areas of public policy a consensus based on Thatcherite reforms He explores the particularly conservative understanding of housing that transformed public attitudes in the 1980s and 1990s and the impact it still has on policy This book is written with non housing specialists in mind and will be of interest to students of housing urban studies public policy and politics at both undergraduate and higher levels
