**Rise Above** Scott Barry Kaufman, PhD, 2025-04-22 An empowering call to reject the victim mindset and become the hero of your life by the renowned psychologist and host of The Psychology Podcast Does life feel smaller than it used to Does it seem that the people around you have taken a step back from doing hard things preferring to stay in their comfort zone In the era of TikTok as therapy it s tempting to see ourselves as damaged and powerless defined by our past traumas our emotions and the struggles we face But it s more important than ever to rise above the limiting beliefs and widespread anxiety that puts us in boxes lowers our expectations and holds us back In this empowering book renowned psychologist Dr Scott Barry Kaufman unpacks the dangerous myths and misleading buzzwords swirling around the popular imagination revealing the truth about managing our emotions the double edged sword of self esteem the surprising gifts of sensitivity and ultimately the power each of us has to overcome challenges and to shape the course of our own lives Urgently needed Rise Above speaks to what ails us offering not just empathy insight and a dose of humor but also actionable solutions to own your life and reach your full potential

**The Myth of Making It** Samhita Mukhopadhyay, 2024-06-18 We can bury the girlboss but what comes next The former executive editor of Teen Vogue tells the story of her personal workplace reckoning and argues for collective responsibility to reimagine work as we know it One of the smartest voices we have on gender power capitalist exploitation and the entrenched inequities of the workplace Rebecca Traister author of Good and Mad As I sat in the front row that day I was 80 percent faking it with a 100 percent real Gucci bag Samhita Mukhopadhyay had finally made it she had her dream job dream clothes dream life But time and time again she found herself sacrificing time with family and friends paying too much for lattes and limping home after working twelve hours a day Success didn t come without costs right Or so she kept telling herself And Mukhopadhyay wasn t alone Far too many of us are taught that we need to work ourselves to the bone to live a good life That we just need to climb up the corporate ladder to lean in and hustle to enact change But as Mukhopadhyay shows these definitions of success are myths and they are seductive ones Mukhopadhyay traces the origins of these myths taking us from the sixties to the present She forms a critical overview of workplace feminism looking at stories from her own professional career analysis from activists and experts and of course experiences of workers at different levels As more individuals continue to question whether their professional ambitions can lead to happiness and fulfillment in the first place Mukhopadhyay asks What would it mean to have a liberated workplace Mukhopadhyay emerges with a vision for a workplace culture that pays fairly recognizes our values and gives people access to the resources they need A call to action to redefine and reimagine work as we know it The Myth of Making It is a field guide and manifesto for all of us who are tired searching for justice and longing to be liberated from the oppressive grip of hustle culture
