Automotive Engineering International, 2003 **The World's Most Powerful Leadership Principle** James C. Hunter, 2004-06-29 To lead is not to be the boss the head honcho or the brass To lead is to serve Although serving may imply weakness to some conjuring up a picture of the CEO waiting on the workforce hand and foot servant leadership is actually a robust revolutionary idea that can have significant impact on an organization's performance Jim Hunter champions this hard soft approach to leadership which turns bosses and managers into coaches and mentors By hard Hunter means that servant leaders can be hard nosed even autocratic when it comes to the basics of running the business determining the mission where the company is headed and values what the rules are that govern the journey and setting standards and accountability Servant leaders don't commission a poll or take a vote when it comes to these critical fundamentals After all that's what a leader's job is and people look to the leader to set the course and establish standards But once that direction is provided servant leaders turn the organizational structure upside down They focus on giving employees everything they need to win be it resources time guidance or inspiration Servant leaders know that providing for people and engaging hearts and minds

foster a workforce that understands the benefits of striving for the greater good The emphasis is on building authority not power on exerting influence not intimidation While many believe that servant leadership is a wonderful inspiring idea what's been missing is the how to the specifics of implementation Jim Hunter shows how to do the right thing for the people you lead A servant leader or a self-serving leader Which one are you With Jim Hunter's guidance everyone has the potential to develop into a leader with character who leads with authority **Pakistan & Gulf Economist**, 2007 *The Leadership Challenge* James M. Mark Miller,2013-10-07 Understand what sets great leaders apart by learning the five qualities of leadership character from the international bestselling coauthor of The Secret Certainly leaders need people skills execution skills a deep knowledge of industry trends the ability to articulate a vision and more they must be competent but that's just the tip of the iceberg What's below the waterline What's deep inside the best leaders that makes them different Mark Miller contends it is their leadership character In his latest enlightening and entertaining business fable he describes the five unique character traits exhibited by exceptional leaders and how to cultivate them The Heart of Leadership begins with young and ambitious Blake Brown being passed over for a desperately wanted promotion despite an outstanding individual performance Confused and frustrated he turns to his former mentor who sends him on a quest to meet with five of his late father's colleagues each of whom holds a piece of the puzzle he's trying to solve As Blake puts the pieces together he discovers that in the final analysis a lack of skills isn't what holds most leaders back Without demonstrated leadership character a skill set will never be enough Most often when leaders fail to reach their full potential it is an issue of the heart This is Blake's ultimate revelation This book shows us that leadership needn't be the purview of the few it is within reach for millions around the world The Heart of Leadership is a road map for every person who desires to make a difference in the lives of others and become a leader people want to follow
