New Eyes For Reading:

An Introduction to the Catholic Epistles Darian Lockett, 2011-11-17 This book introduces the Epistles and discusses the different interpretive approaches which have been used to gain a clearer understanding of them An introductory chapter defines the Epistles and describes the history of their canonization following chapters are devoted to each of the texts with each chapter including 1 historical cultural background 2 the social scientific context 3 social rhetorical purposes 4 narrative discourse 5 postcolonial and 6 feminist insights and finally 7 theological perspectives At the end of each chapter there are suggestions for further reading and a list of reflection questions Several chapters include a section or two considering a particular interpretive issue especially relevant to the particular text After taking up each text Lockett considers again whether the Epistles are a unified whole or to be heard as individual voices Here the book interacts with some of the ideas of Rob Wall and David Nienhuis regarding the various thematic theological connections running through the texts A final chapter takes up the relationship between the Pauline Epistles and the Catholic Epistles within the New Testament
