New England Sketchbook Unk White, Peter Newell, 1970-01-01 Educational Television Gertrude Golden Broderick, 1953 Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1973 National Union Catalog, 1978 Women Writers in the Romantic Age John Claiborne Isbell, 2025-04-17 This groundbreaking book offers a comprehensive review of six hundred and fifty women writers from over fifty national traditions spanning Europe and the Americas during the transformative years of 1776 to 1848 Framed by revolutionary upheavals the book explores how women writers shaped and reflected Romanticism's global currents It fills a critical scholarly gap connecting disparate traditions and uncovering voices often overlooked in male dominated literary histories Through concise entries the book names every woman writer identified in its vast research from celebrated figures like Phillis Wheatley to lesser known authors whose manuscripts lay buried in archives Each entry provides essential biographical details while select excerpts in seventeen languages bring these voices to life revealing how women navigated the era's revolutionary ideals and patriarchal barriers Structured democratically the volume treats all writers equally whether anonymous pseudonymous or celebrated in their time It highlights their diverse experiences poets and novelists abolitionists and suffragists mothers and mill workers From memoirs to political tracts their works testify to the rich tapestry of women's contributions to Romanticism By illuminating these stories this book challenges national silos offering a panoramic view of Romanticism as a truly transnational female inclusive phenomenon It represents a go to resource for students and interested readers while setting the ground for future scholars to expand this vital field of study America's Sketchbook Kristie Hamilton, 1998 In her comprehensive study of American sketch writing Kristie Hamilton gives new insight into the powers of mass market intimacy more personal and home like than home and into leisure which as a component of middle class identity is quite as imperative in its achievement as disciplined morality Here also is a more complex story of the aesthetic as a class inflected realm in which factory women and rural and urban middle class authors debate the shape of literature and life **Thoreau's Ecstatic Witness** Alan D. Hodder, 2008-10-01 When Henry David Thoreau died in 1862 friends and admirers remembered him as an eccentric man whose outer life was continuously fed by deeper spiritual currents But scholars have since focused almost exclusively on Thoreau's literary political and scientific contributions This book offers the first in depth study of Thoreau's religious thought and experience In it Alan D Hodder recovers the lost spiritual dimension of the writer's life revealing a deeply religious man who despite his rejection of organized religion possessed a rich inner life characterized by a sort of personal experiential nature centered and eclectic spirituality that finds wider expression in America today At the heart of Thoreau's life were episodes of exhilaration in nature that he commonly referred to as his ecstasies Hodder explores these representations of ecstasy throughout Thoreau's writings from the riverside reflections of his first book through Walden and the later journals when he conceived his journal writing as a spiritual discipline in itself and a kind of forum in which to cultivate experiences

of contemplative non attachment In doing so Hodder restores to our understanding the deeper spiritual dimension of
 Thoreau s life to which his writings everywhere bear witness **The National Union Catalogs, 1963-** ,1964 *Catalogue*
