New Kobbes Complete Opera:

The New Pocket Kobbé's Opera Book Earl Of Harwood, 2011-11-30 The New Pocket Kobbé's Complete Opera Book is the world's leading reference work on opera and in the words of Bernard Levin no single volume operatic guide can possibly compare with it Kobbé is the only book which summarizes the libretti of the world's opera describes their music and gives a history of their performance within a single volume But it is a large and relatively expensive book The new pocket edition at a price accessible to the huge new audience for opera has been redesigned and extended existing entries have been rewritten and new operas included The total number of works covered is now over 200 including important new works like John Adams Nixon in China Harrison Birtwistle's Gawain and Thomas Adès's Powder Her Face and a number of half forgotten works that are now undergoing revival Unlike the previous edition it is now simply arranged alphabetically by composer Lord Harewood's strongly individual commentaries together with his unparalleled knowledge of and enthusiasm for opera make the New Pocket Kobbé a book no opera goer can afford to be without **Kobbé's Complete Opera Book** Gustav Kobbé, 1979
