Anthologizing Canadian Literature Robert Lecker, 2015-11-02 The first collection of critical essays devoted to the study of English Canadian literary anthologies brings together the work of thirteen prominent critics to investigate anthology formation in Canada and answer these key questions Why are there so many literary anthologies in Canada and how can we trace their history What role have anthologies played in the formation of Canadian literary taste How have anthologies influenced the training of students from generation to generation What literary values do the editors of various anthologies tend to support and how do these values affect canon formation in Canada How have different genres fared in the creation of literary anthologies How do Canadian anthologies transmit ideas about gender region ideology and nation Specific essays focus on anthologies as national metaphors the controversies surrounding early literary collections representations of First Nations peoples in anthologies and the ways in which various editors have understood exploration narratives In addition the collection examines the representation of women in Canadian anthologies the use of anthologies as teaching tools and the creation of some very odd Canadian anthologies along the way

The Routledge Introduction to Twentieth- and Twenty-First-Century Canadian Poetry Erin Wunker, 2022-11-21 When asked the question what is the power of poetry writer Ian Williams said poetry punctures the surface Williams statement that poetry matters and that it does something is at the heart of this book Building from this core idea that poetry perforates the everyday to give greater range to our lives and our thinking the practical and pedagogical aim of this book is twofold the first aim is to provide students with an introduction to the key cultural political and historical events that inform twentieth and twenty first century Canadian poetry and to familiarize those same readers with poetic movements trends and forms of the same time period This book addresses the aesthetic and social contexts of Canadian poetry written in the twentieth and twenty first centuries it models for its readers the critical and theoretical discourses needed to understand the contexts of literary production in Canada Put

differently readers need a sense of the where and how of poetic production to help situate them in the what of poetry itself In addition to offering a historically contextualized overview of the significant movements developments and poets of this time period this book also familiarizes readers with key moments of reflection and rupture such as the effects of economic and ecological crisis global conflicts and debates around appropriation of culture This book is built on the premise that poetry in Canada does not happen outside of political social and cultural contexts Margin of Interest Shane Neilson,2019-09-01 As Shane Neilson writes in Margin of Interest Maritime poetry is the sum of what s come before a unique history and yes a unique place In Margin of Interest Neilson examines representation identity power and the politics of literary history from the creative traditions of the Mi kmaq to the work of young poets today He pays due homage to iconic Maritime writers Milton Acorn Alden Nowlan George Elliott Clarke shines a critical spotlight on lesser known masters from the region Travis Lane Wayne Clifford and provides a glimpse inside the diverse ecosystem of poets under 40 writing in or about the Maritimes Rebecca Thomas Lucas Crawford El Jones He also combats the prejudices so often applied to writers from Atlantic Canada stigma associated with mental illness rigid gendering vernacular language and even poetic form and advocates for a long overdue reappropriation of the regionalist stance as well as a proper recognition of the region s writers and their contribution to the Canadian literary landscape For as Neilson wisely asks What s the matter with taking pride in any kind of regional identity that we articulate From Cohen to Carson Ian Rae,2008-03-26 From Cohen to Carson provides the first book length analysis of one of Canada s most distinctive fields of literary production Ian Rae argues that Canadian poets have turned to the novel because of the limitations of the lyric but have used lyric methods puns symbolism repetition juxtaposition to create a mode of narrative that contrasts sharply with the descriptive conventions of realist and plot driven novels **Keepers of the Code** Robert Lecker,2013-01-01 Robert Lecker explores the ways in which these anthologies contributed to the formation of a Canadian literary canon the extent to which this canon was tied to an ideal of English Canadian nationalism and the material conditions accounting for the anthologies production **The Columbia Granger's Index to Poetry in Anthologies** Tessa Kale,2007 For over a hundred years The Columbia Granger s Index to Poetry in Anthologies has been the preeminent index for answers to questions about the world of poetry identifying the author of a poem or the anthologies in which it can be found when only a title first line or last line is known This latest edition a must have for libraries brings its index up to date as of May 31 2006 This latest version features 85 000 classic and contemporary poems by 12 000 poets Also included are works in translation and for the first time poetry in Spanish Vietnamese and French The subject organization of the poems is especially useful Hundreds of new subjects have been added indexing poems on highly relevant topics such as Osama bin Laden the war in Iraq Dick Cheney the Internet and Rosa Parks as well as timeless subjects like the Bill of Rights unspoken love faith and inspiration Our impressive team of consultants includes J D McClatchy Harvey Shapiro and former poet laureate Mark Strand From The Norton Anthology of Poetry 2005 edition to Poetry after 9
