Fluent in 3 Months Benny Lewis, 2014 Meet the man who makes the mission of learning any language possible. Language hacker Benny Lewis shows how anyone anywhere can learn any language without leaving their home using a simple toolkit and by harnessing the power of the Internet. Benny definitely wasn't born with the language gene. After graduating in electronic engineering in his native Ireland, he spent six months in Spain struggling to learn Spanish. This frustrating experience fuelled his determination to take a different approach to learning foreign languages. Today he speaks over ten languages, including Mandarin Chinese, Arabic, French, German, Portuguese and Hungarian. At present he's learning Japanese in Spain. This typifies one of his 3 month challenges, where he targets a new language and proceeds to become fluent in it within just three months. He charts his progress on his blog, proving that his techniques allow anyone to learn a language from anywhere.
