*Human Character and Behavior* Muhammad

Hafeez, 2017-11-25 Following the sacred course of Qur'anic invocations Dr Muhammad A Hafeez elegantly portrays in Human Character and Behavior the mission of man as God's trustee on earth His book profoundly explicates God's commands in managing human affairs and building a society based on truth and justice It is an amazing guide through the Qur'an and the Sunnah of its prophet demonstrating that man's prayers and acts of worship become aimless rituals if he does not follow the divine commands in perfecting his character and behavior in order to accomplish his mission as a bona fide trustee of God on earth

*The Making of the Last Prophet* Gordon Darnell Newby, 2022-11-23 The sacred biography of Muhammad has shaped Muslims' perceptions of the place of Islam in the religious history of the world and located the Islamic founder and prophet as the last of God's messengers As Muslims established political control over ancient Jewish and Christian communities they also claimed hegemony over the panorama of biblical prophets and holy men In the eighth century the author of the first complete biography of Muhammad set out a plan for a history of the world that culminated with the advent

of Muhammad and the religion of Islam The biography not only gave the details of Muhammad s life but also retold the stories of past prophets from an Islamic perspective The Making of the Last Prophet is an examination of the reshaping and retelling of the biblical past to form the image of Muhammad as the Seal of the prophets of God Through a translation of the reconstructed Arabic text the sources the form and uses of the eighth century biography are examined for the ways in which attitudes toward Muhammad were shaped in early Islam The work particularly underscores the interplay of Jewish Christian and other Near Eastern religious ideals in the formation of Islam s notions of prophethood The Dignity of Man Mohammad Hashim Kamali,1999 The Dignity of Man An Islamic Perspective provides the most detailed study to date on the subject of the dignity of man from the perspective of Islam M H Kamali sets out the proclamations on human dignity found in the Qur an and then discusses topics pertaining to or resulting from human dignity the physical and spiritual nobility of man God s love for humanity the sanctity of life and the necessity for freedom equality and accountability Finally the author examines the measures that the Shariah has taken to protect human dignity and to promote it in social interaction The discussion is here presented in the light of the debate on the universality of human rights as enshrined in the Universal Declaration of Human Rights This book goes a long way towards exploring an alternative to Western concepts of human rights The Dignity of Man An Islamic Perspective is part of a series of studies on fundamental rights and liberties in Islam and should be read with its companion volumes of Freedom Equality and Justice in Islam and Freedom of Expression in Islam

**Human Character and Behavior** Muhammad A. Hafeez, 2011 *Islam in the Age of Globalization* Asif Mohiuddin, 2024-11-29 Globalization has been a central theme in political economic cultural and religious debates since the turn of the century While some see it as a solution others consider it the root of our problems The intensification of cultural and military warfare and the West v the Rest mentality fuels a deep seated ethnocentrism Religion meanwhile faces scrutiny from various fundamentalisms and grand narratives Many modern Muslim thinkers are skeptical of globalization perceiving it as a homogenizing force that spreads Western culture and concentrates power among a few nations They argue that Islam promotes human oneness and provides an intellectual and spiritual framework for a more civilized and universal approach to globalization opposing the Western centric hegemonic tendencies The goal of this book is to demonstrate that Islam favors globalization in its original voluntary form as opposed to the violent imposition of the West on the East It will examine Muslim responses to globalization and their attempts to find global answers to local problems in their own local regional national and global contexts Several academic works have explored various aspects of globalization focusing on tensions and conflicts such as power politics religious authority and legislative issues However there is a notable absence of attention given to the Islamic perspective on globalization including both appreciation and critique This book addresses this gap by offering not only a Muslim critique of globalization but also a broader framework for understanding Islam s unique perspective on globalization Does globalization support the inclusivity that Islam advocates How does Islam fit into the globalization era What impact and influence may Muslims have on the future of globalization What unique prospects does globalization provide Muslims and the Islamic faith Is Islamic revivalism a reaction to globalization Alternatives to globalization could exist What kind of structure will the Islamic globalization paradigm have In addition to addressing these questions the book attempts to provide a theoretical framework for Islamic globalization which incorporates the shuratic practice and the vision of an international community extending beyond the Arabs and non Arabs This underscores the importance of historical contexts for contemporary actions and beliefs In the process the book attempts to extend the debate on Islam and globalization by mapping out the effects of globalization on various aspects of Muslim culture
