unsuccessful last Meccan attack on Medina known as the battle of the Trench Events following this battle show the gradual collapse of Meccan resistance to Islam The next year when Mu ammad set out on pilgrimage to Mecca the Meccans at first blocked the road but eventually a ten year truce was negotiated at al udaybiyah with Mu ammad agreeing to postpone his pilgrimage until the following year The Treaty of al udaybiyah was followed by a series of Muslim expeditions climaxing in the important conquest of Khaybar In the following year Mu ammad made the so called Pilgrimage of Fulfillment unopposed Al abar s account emphasizes Islam s expanding geographical horizon during this period Soon after the Treaty of al Hudaybiyah Mu ammad is said to have sent letters to six foreign rulers inviting them to become Muslims Another example of this expanding horizon was the unsuccessful expedition to Mu tah in Jordan Shortly afterward the Treaty of al udaybiyah broke down and Mu ammad marched on Mecca The Meccans capitulated and Mu ammad entered the city on his own terms He treated the city leniently and most of the Meccan oligarchy swore allegiance to him as Muslims Two events in the personal life of Mu ammad during this period caused controversy in the community Mu ammad fell in love with and married Zaynab bint Ja sh the divorced wife of his adopted son Zayd Because of Mu ammad s scruples the marriage took place only after a Qur anic revelation permitting believers to marry the divorced wives of their adopted sons In the Affair of the Lie accusations against Mu ammad s young wife islah were exploited by various factions in the community and in Mu ammad s household In the end a Qur anic revelation proclaimed islah s innocence and the culpability of the rumormongers This volume of al abar s History records the collapse of Meccan resistance to Islam the triumphant return of Mu ammad to his native city the conversion to Islam of the Meccan oligarchy and the community s successful weathering of a number of potentially embarrassing events in Mu ammad s private life

Hendrix,Uchenna Okeja,2018-03-01 This book provides reliable information about important world religious leaders correcting the misinformation that can be on the internet Religious leaders have shaped the course of history and deeply affected the lives of many individuals This book offers alphabetically arranged profiles of roughly 160 religious leaders from around the world and across time carefully chosen for their impact and importance and to maximize inclusiveness of faiths from around the world Scholars from around the world each one an expert in his or her field and all holding advanced degrees came together to create an essential resource for students and for those with an interest in religion and its history Every entry has been carefully edited in a two stage review process guaranteeing accuracy and readability throughout the work Not strictly a biographical reference that recounts the facts of religious figures lives the book helps users understand how the selected figures changed history The entries are accompanied by excerpts of primary source documents and suggestions for further reading while the book closes with a bibliography of essential print and electronic resources for further research **Medina** Charles River Charles River Editors,Jesse Harasta,2018-01-11 Includes pictures Traces the history of the area from before Medina to the current day Includes footnotes and a bibliography for further reading Includes a table of contents Whenever the Prophet returned from a journey and observed the walls of Madinah he would make his Mount go fast and if he was on an animal i e a horse he would make it gallop because of his love for Madinah Sahih Bukhari Book 30 Hadith 110 The reason for the existence of most of the world s cities is obvious to geography students New York and Shanghai control deep ports and straddle great rivers bringing trade from the interior Paris and London are at the crossing points of major cross country rivers Johannesburg sits atop a great mountain of gold ore and Moscow and Madrid are at the heart of their great nations easily able to control even the more distant corners of the land Medina however is starkly different Even centuries before the birth of the Prophet Muhammad Jews settled on the land to escape persecution at the hands of the Babylonians and Romans meaning the area and its arid environment brought inhabitants precisely because it wasn t an attractive or resource rich area In fact the city fated to become the second holiest city in Islam earned that spot simply by straddling trade routes to the religious city of Mecca which brought traders and pilgrims in large enough numbers to make it a trade center Of course Mecca is now best known for being Islam s holiest city and it is revered as the birthplace of Muhammad and the site where Allah first revealed the Qu ran to him However the Prophet spent a great deal of time in Medina especially when he and his supporters found themselves in conflict with the Meccans Using Medina as a base Muhammad eventually took Mecca and both cities became

integral parts of the Caliphate that followed This meant that even as history brought geopolitical changes Medina remained a city of religious significance for all Muslims and even though its turbulent history is often overlooked many people are still quite familiar with the city Medina The History of Islam s Second Holiest City traces the history of the most important site in Islam Along with pictures depicting important people places and events you will learn about Medina like never before in no time at all Islamic Review and Muslim India ,1918 Mecca and Medina Charles River Charles River Editors,Jesse Harasta,2018-01-11 Includes pictures Includes a history of the region and religion before Islam Includes footnotes and a bibliography for further reading Includes a table of contents There is no doubt in the sanctity of Mecca but a donkey won t become a Hajj pilgrim by just going through the motions Rahman Baba Whenever the Prophet returned from a journey and observed the walls of Madinah he would make his Mount go fast and if he was on an animal i e a horse he would make it gallop because of his love for Madinah Sahih Bukhari Book 30 Hadith 110 The reason for the existence of most of the world s cities is obvious to the student of geography New York and Shanghai control deep ports and straddle great rivers bringing trade from the interior Paris and London are at the crossing points of major cross country rivers Johannesburg sits atop a great mountain of gold ore and Moscow and Madrid are at the heart of their great nations easily able to control even the more distant corners of the land Mecca is quite different as the city exists solely because it is holy Even centuries before the birth of the Prophet Muhammad the leaders of Mecca established that their city was the pre eminent holy site in western Arabia and established a truce for pilgrims to the city In the process one effect of this was that Mecca became a center for might today be described as tourism as even ancient visitors needed places for food water and sleep At the same time they could make offerings in the temples and leave with mementos of their time in Mecca Many also found it convenient to bring their trade goods to the markets of Mecca where they could find visitors bringing interesting wares from across the region and the city also enjoyed the status of a trade center Of course Mecca is now best known for being Islam s holiest city revered as the birthplace of Muhammad and the site where Allah first revealed the Qu ran to him Within Mecca is the Ka aba a building housed within the Al Masjid al Haram Great Mosque that is considered the holiest site and wherever they are in the world Muslims face in the direction of the Ka aba while praying A pilgrimage to Mecca is considered a necessity for devout Muslims at some point in their lives and the city itself is off limits to non Muslims Indeed Mecca is so integral to Islam that the name of the city has entered the English lexicon and is a commonplace reference to any area closely associated with something such as Paris often being called the mecca of fashion Mecca has always been central to the faith but it has had a somewhat turbulent geopolitical history both because of conflicts within Islam and among neighboring nations in the Middle East As a result its history is often overlooked even as most people are quite familiar with the city Even centuries before the birth of the Prophet Muhammad Jews settled in the area that became Medina to escape persecution at the hands of the Babylonians and Romans meaning the area and its arid environment brought inhabitants precisely because it wasn t an

attractive or resource rich area In fact the city fated to become the second holiest city in Islam earned that spot simply by straddling trade routes to the religious city of Mecca which brought traders and pilgrims in large enough numbers to make it a trade center While Mecca was Muhammad s birthplace the Prophet spent a great deal of time in Medina especially when he and his supporters found themselves in conflict with the Meccans Using Medina as a base Muhammad eventually took Mecca and both cities became integral parts of the Caliphate that followed This meant that even as history brought geopolitical changes Medina remained a city of religious significance for all Muslims Mecca and Medina The History of Islam s Holiest Cities traces the history of the second most important cities in Islam
