Fullinwider, 1996-01-26 This collection of essays deals with philosophical and educational questions about multi culturalism in primary and secondary schools *The Baltic as a Multicultural World* Marko Lehti, 2005 The end of the Cold War brought the Baltic Sea area into the limelight of political and cultural cooperation Since then the Baltic Sea area has gained a powerful position as a dynamic European sub region Still like other similar kinds of areas defined by a sea or a river the Mediterranean world the Black Sea or the Danube the Baltic Sea area is hard to define and it has as many definitions as there are map makers The sea itself plays a central role but its influence is vague and always contingent This book has sought to introduce multiple insights for focusing on the Baltic All the contributions examine the question of the essence of the Baltic and the source of its unity and in particular concentrate on multi culturality and multi nationality in the Baltic context Some of the contributions survey the whole Baltic Sea area while others concentrate on the Baltic countries and some of them have found the Baltic in the limited environment of parish and town The Baltic is comprehended as a label that opens stimulating possibilities for replacing nation centrism with narratives of another kind extending beyond the current nation states This understanding provides opportunities for defining a multi ethnic multi lingual and multi cultural region and the diversity of identities that has existed

**Global Kingdom, Global People** Melba Padilla Maggay, 2017-02-28 In an age of unsurpassed globalization Melba Maggay reminds us of the beauty of unique cultures no matter how small their imprint on the world may seem Yet these cultures do not exist in isolation but have a complex interrelation with one another be they monoliths such as western capitalism or subsistence communities like El Nido on the island of Palawan the home of the author s ancestors This rich global tapestry is a gift from God yet not without imperfection sin or hardship It is these realities to which we must apply the gospel in our own lives and in missiology This book gives a prophetic call to proclaim the good news and do justice in and towards every culture under the sun while demystifying some of the major narratives that

**Language Teacher Education in a Multicultural Society** Riana Roos Paola,2001 This book explores some issues relating

to the sociolinguistic situation in South Africa attending especially to language variety and language attitudes The focus is on the teaching of language specifically English and on the relevant education of language teachers in a multicultural country such as South Africa In school systems such as the South African education system which has for many years provided real access to education and power for a limited group of students only the demands of modern society for greater language and cultural knowledge imply radical adjustments to literacy teaching and the training of language teachers The central section of the book focuses on assessing the attitudes of several groups of English teacher trainees towards the use of four varieties of South African English in education The effect of group discussions and lectures aimed at raising awareness of language varieties and of questions of standard and evaluation is measured by a subsequent language attitude assessment The book makes some suggestions as to how language awareness and critical language studies that extend to a critical awareness of genre could contribute to the effective preparation of language teachers      *Management* Arthur G.
