Multiculturalism And Immigration In Canada:

Multiculturalism and Immigration in Canada Elspeth Cameron,2004 Multiculturalism in Canada offers a solid introduction to the history and development of the ideology of multiculturalism in Canada This ideology which has become the primary designator of Canadian society began in the early 1970s when vocal elements in the population who were neither English nor French strongly responded to the investigations of the Committee on Bilingualism and Biculturalism Given Canada's early racist tendencies the establishment of multiculturalism was a remarkable shift in public thinking Many issues associated with immigration have arisen in the public debates around multiculturalism Some people are convinced that it is a pernicious ideology that enforces the ghettoisation of those different from the mainstream Others see dangers in the way some aspects of multiculturalism are merely tokens of an all inclusive society Still others contend that the voices of ethnicities aside from those of the two charter groups English and French are scarcely heard and that worse those marginalised voices are appropriated by mainstream writers On the whole however Canadians especially younger Canadians welcome a liberal outlook that is inclusive of a wide variety of ethnicities For them and for many immigrants Canada is a society that is multiple and layered one rich in meaning They tend to see Canada as a microcosm of the larger world one that presents a useful model of tolerance for the world at large Increasingly marginalised new Canadians are excelling in the arts communities telling all Canadians what various aspects of the culture shock of transplantation feels like This book includes a representative sample of their works Canadian Multiculturalism @50 Augie Fleras,2021-07-26 Choice Award 2022

Outstanding Academic Title The multiculturalization of Canada has catapulted it into the front ranks of countries in advancing a principled diversity governance Fifty years after the inception of a multicultural governance model that seemingly works and is relatively popular Canada remains one of the few countries in the world to believe in multiculturalism Yet the irony is inescapable Notwithstanding its lofty status as a Canadian icon and an aspirational ideal an official multiculturalism remains misunderstood both in Canada and abroad in terms of what it means how it works and for whom and why it endures If anything as the book explains the idea of multiculturalism remains shrouded in the conceptual fog of a riddle wrapped in a mystery inside an enigma An interplay of polite fictions that mask inconvenient truths puts the onus on deconstructing Canadian multiculturalism by conceptualizing strengths including a probe into why multiculturalism ostensibly works in Canada but rarely elsewhere analyzing weaknesses critically assessing its worth and envisioning its future in responding to the new realities and demands of a post multicultural world That Canada's multiculturalism remains a work in progress albeit one with innovative possibilities provides a fitting tribute Making Middle-Class Multiculturalism Jennifer Elrick,2021-12-02 In the 1950s and 1960s immigration bureaucrats in the Department of Citizenship and Immigration played an important yet unacknowledged role in transforming Canada's immigration policy In response to external economic and political pressures for change high level bureaucrats developed new admissions criteria gradually and

experimentally while personally processing thousands of individual immigration cases per year Making Middle Class Multiculturalism shows how bureaucrats perceptions and judgements about the admissibility of individuals in socioeconomic racial and moral terms influenced the creation of formal admissions criteria for skilled workers and family immigrants that continue to shape immigration to Canada A qualitative content analysis of archival documents conducted through the theoretical lens of a cultural sociology of immigration policy reveals that bureaucrats interpretations of immigration files generated selection criteria emphasizing not just economic utility but also middle class traits and values such as wealth accumulation educational attainment entrepreneurial spirit resourcefulness and a strong work ethic By making middle class multiculturalism a demographic reality and basis of nation building in Canada these state actors created a much admired approach to managing racial diversity that has nevertheless generated significant social inequalities

Immigrants and

Refugees in Canada Canadian Ethnology Society. Congress, 1991 *Multiculturalism Question* Jack Jedwab, 2016-03-14
Canada's policy of multiculturalism has been the object of ongoing debate since it was first introduced in 1971. Decades later, Canadians still seem uncertain about the meaning of multiculturalism. Detractors insist that government has not succeeded in discouraging immigrants and their descendants from preserving their cultures of origin, undercutting a necessary identification with Canada while supporters argue that immigrant groups' abilities to influence their adjustments to Canada has strengthened their sense of belonging. Beyond what often seems to be a polarized debate is a broad spectrum of opinion around multiculturalism in Canada and what it means to be Canadian. The *Multiculturalism Question* analyzes the policy ideology and message of multiculturalism. Several of Canada's leading thinkers provide valuable insights into a crucial debate that will inevitably continue well into the future.

Becoming Multicultural Triadafilos Triadafilopoulos, 2012-04-25
In a world of nation states, international migration raises questions of membership. Should foreigners be admitted to the national space? And should they and their children be granted citizenship? Canada and Germany's responses to these questions during the first half of the twentieth century consisted of discriminatory immigration and citizenship policies aimed at harnessing migration for economic ends while minimizing its costs. Yet by the end of the century, the admission, settlement, and incorporation of previously excluded groups had transformed both countries into highly diverse multicultural societies. *Becoming Multicultural* explains how this remarkable shift came about. Triadafilopoulos argues that dramatic changes in global norms after the Second World War made the maintenance of established membership regimes difficult to defend, opening the way for the liberalization of immigration and citizenship policies. It is a thought-provoking analysis that sheds light on the dynamics of membership politics and policy making in contemporary liberal democratic countries.

Multiculturalism in Canada Andrew Griffith, 2015
With over 20 percent of the population foreign born and with more than 250 ethnic origins, Canada is one of the world's most multicultural societies. Canada's ethnic and religious diversity continues to grow alongside immigration. Yet how well is Canada's model of multiculturalism and citizenship working and how well are Canadians, whatever their ethnic or religious origin, doing? Will Canada's relative success compared to other countries continue or are there emerging fault lines in Canadian society? *Canadian Multiculturalism: Evidence and Anecdote* undertakes an extensive review of the available data from Statistics Canada, Citizenship and Immigration Canada, operational statistics, employment equity and other sources to answer these questions and provide an integrated view covering economic outcomes, social indicators and political and public service participation. *Evidence and Anecdote* provides a detailed analysis from the national perspective as well as provincial overviews showing both common trends and regional differences. The book outlines the theoretical, historical and policy context to illustrate the uniqueness of Canada and evolution of multiculturalism and to help readers understand the broader context for the evidence and analysis. Visuals and charts are extensively used to engage readers and substantiate the changing nature of Canadian diversity. Intended audience includes the media, academics, policy
