painstakingly researched follow up to Ultimate Sacrifice draws on explosive new material from the National Archives to piece together the puzzle of JFK's assassination Vanity Fair A riveting take on the assassination itself and the devastating results of government secrets Publishers Weekly John F Kennedy's assassination launched a frantic search to find his killers It also launched a flurry of covert actions by Lyndon Johnson Robert F Kennedy and other top officials to hide the fact that in November 1963 the United States was on the brink of invading Cuba as part of a JFK authorized coup The coup plan's exposure could have led to a nuclear confrontation with Russia but the cover up prevented a full investigation into Kennedy's assassination a legacy of secrecy that would impact American politics and foreign policy for the next forty five years It also allowed two men who confessed their roles in JFK's murder to be involved in the assassination of Dr Martin Luther King in 1968 Exclusive interviews and newly declassified files from the National Archives document in chilling detail how three mob bosses were able to prevent the truth from coming to light until now **The Kennedy Persuasion** Paul R.

Henggeler,1995-03 The Texas School Book Depository once a warehouse for books today houses our imagination Paul Henggeler writes Today many Americans share a nostalgia for the Kennedy years and their imagined hope and promise in polls they reaffirm a yearning for the optimism and confidence associated with JFK's brief presidency American political leaders keenly aware of the mystique and its effects on the electorate have energetically laid claim to the Kennedy mantle Mr Henggeler traces this phenomenon in an engaging and original piece of history Using fresh archival sources he describes how Democrats and Republicans liberals and conservatives have invoked the Kennedy mythology adopted the Kennedy strategy even tried to summon up the Kennedy appearance in order to influence Congress the media and the American public

As a consequence John Kennedy is now larger and more influential in American politics than he ever was in the flesh Used and abused the Kennedy legend has inspired an entire generation of American politicians from Lyndon Johnson through Bill Clinton but our political life may be poorer for it The Kennedy Persuasion is a convincing often surprising case study of the great historical image of our time
