Bounds, 2007 British Security is alerted when astronaut Peter Bourne suffers two assassination attempts intended to look like accidents After Bourne is blasted into space to place a top secret device in orbit detective Simon Brand is summoned to investigate and to protect the device from being stolen But then Bourne's spacecraft loses radio contact When it returns the pilot is dead murdered whilst alone in space in a scaled ship      **Handbook of Space Resources** Viorel Badescu, Kris Zacny, Yoseph Bar-Cohen, 2023-04-27 Earth has limited material and energy resources while these resources are virtually unlimited in space It is only a matter of time before planetary resources are mined and used in situ to sustain human and robotic exploration or returned to Earth for commercial gain This book covers a number of aspects related to space resources In particular subjects related to mission concepts exploration approaches mining and extraction technologies commercial potential and regulatory aspects of space resources are covered in detail This book is therefore a good resource for readers who seek background and deeper understanding of space resources related activities      *Essays and Studies Presented to William Ridgeway on His Sixtieth Birthday, 6 August, 1913* Edmund Crosby Quiggin, 1913      *The Dynamics of Judicial Proof* Marilyn MacCrimmon, Peter Tillers, 2012-12-06 Fact finding in judicial proceedings is a dynamic process This collection of papers considers whether computational methods or other formal logical methods developed in disciplines such as artificial intelligence decision theory and probability theory can facilitate the study and management of dynamic evidentiary and inferential processes in litigation The papers gathered here have several epicenters including i the dynamics of judicial proof ii the relationship between artificial intelligence or formal analysis and common sense iii the logic of factual inference

including a the relationship between causality and inference and b the relationship between language and factual inference  
iv the logic of discovery including the role of abduction and serendipity in the process of investigation and proof of factual matters and v the relationship between decision and inference      **Modern Murders** Lee Michael-Berger,2023-05-03

Modern Murders is the first comprehensive study of murder representations during the turn of the century drawing on previously neglected archival material to explore the intellectual cultural and artistic contexts of the period Most studies view the abundance of murder representations throughout the nineteenth century as an indicator of a supposedly typical Victorian appetite for sensation and melodrama Modern Murders however demonstrates the turn of the century s backlash against melodramatic and sensational representations of murder and reads them as an important component in the struggles for better aesthetic standards in art and entertainment and as a dominant feature in the debates on mass culture Through a plethora of visual and written texts representations of fictional and actual real life murders and high and popular forms of writing the volume considers the importance of murder in the elite claim to cultural authority versus its perception of plebian taste in the context of the democratization of culture This book will be of value to scholars and graduate students in a variety of research areas as well as general readers interested in the role of murder as a central trope in modern art and culture

Memories of the Space Age J. G. Ballard,1988 The Cape Canaveral stories eight stories originally published between 1962 and 1985      **Murder In Space** Mehmet Ali Yazan,2023-07-14 When a robotic murderer sends a planet into chaos only the best detective can be trusted to uncover the truth In 2079 humanity has spread through space and with them they bring robots All regulated All overseen All in strict compliance with UN standards and the three robotic laws of Isaac Asimov The first law of robotics is clear A robot may not injure a human being or through inaction allow a human being to come to harm When the unthinkable happens and the first law is broken senior detective Harry Mortimer is sent to Icarus B to solve the impossible Has a rogue artificial intelligence discovered a loophole or could a human be playing puppet master behind the scenes With only his wits Mortimer his assistant Scott Yvensen and an increasingly bogged down police department must find answers all while under assault by mysterious assassins and threats against humankind As the mystery unravels Mortimer faces a new enemy who carries him on a chase across the stars and a strange new threat But this is only the beginning

**Agatha Christie and New Directions in Reading Detective Fiction** Alistair Rolls,2022-06-16 This book brings a new lens to the work of Agatha Christie through a series of close readings which challenge the official solutions by Hercule Poirot and Miss Marple This book s approach interweaves two core ideas first it explores the importance of French critic Pierre Bayard s self styled detective criticism second it takes detective criticism in a new direction by refocusing on the beginnings of Agatha Christie s novels In this way the book counters the end orientation that has traditionally dominated the reading experience of and critical response to detective fiction by exploring the potential of the beginning to host other interpretations and stories Offering a new way of reading detective fiction this book is a mixture of narratology and detective

criticism and deploys it in the form of radical new readings of a number of Christie's most famous works This illuminating text will interest students and scholars of crime and detective fiction literary studies and comparative literature

**Mountain Meadows Massacre** Richard E. Turley, Janiece L. Johnson, LaJean Purcell Carruth, 2017-06-22 On September 11 1857 a group of Mormons aided by Paiute Indians brutally murdered some 120 men women and children traveling through a remote region of southwestern Utah Within weeks news of the atrocity spread across the United States But it took until 1874 seventeen years later before a grand jury finally issued indictments against nine of the perpetrators Mountain Meadows Massacre chronicles the prolonged legal battle to gain justice for the victims The editors of this two volume collection of documents have combed public and private manuscript collections from across the United States to reconstruct the complex legal proceedings that occurred in the massacre's aftermath This exhaustively researched compilation covers a nearly forty year history of investigation and prosecution from the first reports of the massacre to the dismissal of the last indictment in 1896 Of special importance in Volume 2 are the transcripts of legal proceedings against John D Lee many of which the editors have transcribed anew from the shorthand The two trials against Lee led to his confession conviction and ultimately his execution on the massacre site in 1877 all documented in this volume Historians have long debated the circumstances surrounding the Mountain Meadows Massacre one of the most disturbing and controversial events in American history and painful questions linger to this day This invaluable exhaustively researched collection allows readers the opportunity to form their own conclusions about the forces behind this dark moment in western U S history **Murder**
