*Mindfulness Meditation* Sarah Cronin, 2020-10-26. If you are holding this book in your hands, then you are looking for answers. This book does not contain answers. It contains a path that

will lead to answers The answers are within you Give yourself a chance take the book home read in a relaxed home environment It does not take a lot of time but it will save enough of it for a real search Are you a professional helping others Read this book and tell your customers about it Perhaps it will save you time and help improve your interaction in the professional field Are you a manager Employees practicing a more conscious lifestyle and as a result of practicing meditation become less susceptible to stress more stable in work and give out a better product in a shorter time The book unites the author and reader with the general concept of we This involves a joint search for solutions and interaction The writer and the reader are interconnected Without a writer there is no book but there is no book without a reader Together we make the book a reality When the concept of you is used when instructions are given then there is a division into the one who knows something and those who are taught This is not quite the right approach because we learn together Creating the text the author collects the accumulated experience and reveals something new and the one who reads the text adopts this experience something new comes into his inner world We are united in this process through writing and reading
