of the Moses Nativity Story** Cohen,2018-11-13 This book traces the development of the Moses nativity story from pre
Biblical sources through its Biblical formulation and continues to trace its evolution in post Biblical literature from the

Influence of the Moses nativity story is also detected in Christian writings hence this book also traces the evolution of the
story in the New Testament and early Christian works This study uses a literary typological approach similar to that of the

focused primarily on the biblical stage this book gives equal attention to all stages of the evolution of the birth story pattern
and while providing a detailed analysis of each work also focuses on continuity tracing the path along which the literary
