**Building a Better World** World bank, 200?      *Investing in Development* Jeffrey Sachs, 2005      UN Millennium Development Library: Trade in Development UN Millennium Project, 2012-05-16 The Millennium Development Goals adopted at the UN Millennium Summit in 2000 are the world's targets for dramatically reducing extreme poverty in its many dimensions by 2015 income poverty hunger disease exclusion lack of infrastructure and shelter while promoting gender equality education health and environmental sustainability These bold goals can be met in all parts of the world if nations follow through on their commitments to work together to meet them Achieving the Millennium Development Goals offers the prospect of a more secure just and prosperous world for all The UN Millennium Project was commissioned by United Nations Secretary General Kofi Annan to develop a practical plan of action to meet the Millennium Development Goals As an independent advisory body directed by Professor Jeffrey D Sachs the UN Millennium Project submitted its recommendations to the UN Secretary General in January 2005 The core of the UN Millennium Project's work has been carried out by 10 thematic Task Forces comprising more than 250 experts from around the world including scientists development

practitioners parliamentarians policymakers and representatives from civil society UN agencies the World Bank the IMF and the private sector The trading system is unbalanced against developing countries Correcting the imbalance will give developing countries greater economic growth potential and a more effective capacity to defeat poverty The progressive elimination of remaining trade barriers in goods and services with rich countries leading by example coupled with enough support for poor countries to bear adjustment costs and build export capacity must be part of the international pursuit to overcome poverty

**Moving from the Millennium to the Sustainable Development Goals** Sefa Awaworyi

Churchill,2020-04-25 This book presents a collection of chapters that examine various dimensions of development Between 2000 and 2015 the Millennium Development Goals MDGs remained the overarching development framework that governed the international development community After a decade and half of commitment to the MDGs the framework is widely considered a success although progress reported across countries has been uneven The new overarching international development framework may not be successful or present the best opportunities for the desired global change without a better understanding of factors that contributed the most or the least to the attainment of the MDGs The chapters presented in this book provide discussions and insights into understanding these factors better They represent a collection of scholarship that address some of the important questions in international development They adopt a wide range of research methods to provide insight into what works and what does not in promoting the stipulated development goals
