Ministry In Community:

Loving Your Community Stephen Viars, 2020-01-21 Are you and your church making a difference in your community Are you meeting needs in a positive proactive and loving way Too often when churches are presented with a need outside their walls they operate on the principle of Say no unless you have to say yes Don't want that to be your church's legacy in your community Drawing on more than 30 years of service to the community surrounding Faith Church in Indiana pastor Stephen Viars shows you how to develop a dynamic giving relationship with your community one in which your natural response to needs is Yes How can we help No matter the size location demographics or issues in your community the approach found in this practical book will help you improve people's lives draw them into productive conversation about the hope you have in Christ and glorify God *Community Is Messy* Heather Zempel, 2012-04-25 Drawing on her background in environmental engineering and her current pastoral role Heather Zempel assesses the perils and possibilities inherent in small groups and other environments for Christian community The book helps leaders begin to see the inherent mess of such gatherings as raw material for arriving at something beautiful **A Heart for the Community** John Fuder, Noel Castellanos, 2013-08-28 Our nation used to look at violence poverty and gentrification and assign those problems to urban centers Today these issues concern the suburbs too The Christian community is responding to this reality Churches and parachurch ministries are actively working to transform lives and restore communities throughout the city and suburbs In *A Heart for the Community New Models for Urban and Suburban Ministry* you will be challenged by a collection of voices seeking community renewal These individuals are involved in creative church planting initiatives and they are serving the growing Hispanic and Muslim populations Additional endeavors include serving racially changing communities economic development strategies and more As anyone who has been in ministry for any length of time can attest tackling some of the most challenging issues of our times is no mere academic exercise The voices within these pages write from experience and offer workable vibrant models of ministry that make a difference **Community That Is Christian** Julie A. Gorman, 2002-06-01 Over the past thirty years there has been a boom in small groups both in society at large and within the church From Bible studies to MOPS to Alcoholics Anonymous it is estimated that four out of ten Americans belong to a small group that meets regularly for the care and support of its members But are these groups creating true biblical community or do they settle for self focus and personal gain Julie Gorman has studied small groups for decades and presents her analysis insights and suggestions in *Community That Is Christian* an essential resource for building community in church based small groups This comprehensive book serves both as a text for those who equip leaders or lead small groups and as an interactive manual for small group members helping them transform their relationships into Christ centered community The book begins with biblical support for coming together contrasting it with our often individualistic mind set that undermines community Gorman then sets forth the goals of community and describes the process of transformation She draws from extensive

research to address the why and the how of small group ministry giving special attention to gender and cultural distinctions Community That Is Christian provides readers with charts discussion questions and inventories to further help them establish community within their small groups **Community** Brad House,2011-09-07 Community within the church today is hemorrhaging Attention spans are dwindling noise levels are increasing and we can't seem to find time for real relationships The answer to such social fragmentation can be found in small groups and yet the majority of small groups at least in the traditional sense are often not the intentional transformational community we really want and need Somehow we need to get our groups off life support and into authentic community Pastor Brad House helps us to re imagine what gospel centered community looks like and shares from his experience leading and reproducing healthy small groups With wisdom and candor House challenges us to think carefully about our own groups and to take steps toward cultivating communities that are able to glorify Jesus bless one another and participate in the mission of God Community as Church, Church as Community Michael Plekon,2021-07-22 Parishes of all denominations are in decline shrinking closing dying We know that there are increasing numbers young and older who are religious nones and dones This book explores why the decline is taking place why the distancing is going on But it goes on to examine parishes from all over the country and from various church bodies that are resurrecting The central theme of death and resurrection shapes the analysis of parishes covered Parishes are resurrecting by reinventing their ministries by repurposing their building to better serve their neighborhoods thus replanting and reconnecting with them All of this is the Spirit's doing but through the community of sisters and brothers who make up each congregation of faith Community as the core of church is the other reality shaping the book's reflection And community a parish being with those around living for more than its own survival are visions for going forward Other aspects of congregational life are also examined most importantly the pastors how they serve when budgets shrink how they are trained how pastors act with the community not above it No recipes are suggested for parish resurrection but the stories of the parishes that have revived bear within numerous lessons for us in the future Small Groups in the Church Thomas G. Kirkpatrick,1995-12-31 This planning and leader training handbook offers a distinctive broad based small group approach to building community From the Jewish havurot to Christian koinonia you will gain a thorough understanding of community learn how to plan an effective small group ministry how to select and train leaders for all kinds of small groups and how to start small groups that are a part of and not apart from their congregations Appendices provide an overview of the sociological psychological and biblical theological literature on community and a wealth of presentation and leader training resources Making Neighborhoods Whole Wayne Gordon,John M. Perkins,2013-08-26 Civil rights leader John Perkins and CCDA president Wayne Gordon revisit the founding principles of the Christian Community Development Association seeking to provide the terms for a new discussion around the emerging priorities of Christian community development today Includes profiles of thriving urban ministries Serve the Community of the Church Andrew D. Clarke,2000 Serve the Community of

the Church the second volume in the First Century Christians in the Graeco Roman World series explores the nature of organization and leadership roles in the first century Christian community especially as they were variously taught by Paul and practiced in the earliest congregations Drawing from ancient source material as well as from the New Testament Andrew Clarke describes the theories and practices of organization and leadership in key areas of first century Graeco Roman society the city the colony voluntary associations Jewish synagogues the family and discusses the extent to which these models influenced the first Christians in defining their own communities Clarke then turns to the Christian community itself discussing how Paul through correspondence with a number of congregations laid out important parameters for leadership that he considered appropriate to the new Christian context Some of these parameters Clarke shows were defined in express contrast to the patterns of leadership widely practiced in Graeco Roman society and occasionally also in the early Christian communities Providing a fascinating look at the social and historical background of the New Testament this volume is also important for its discussion of a subject that has implications for the organization of church life in our own time *You Can Help Make a Difference in Your Community* Ontario. Ministry of Community and Social Services,1986

Next Steps in Community Ministry Carl S. Dudley,1996-12-31 Dudley and a research team go back to 24 ministries still in existence five years after the Church and Community Project s completion They discovered how the myths and expectations of funding lay clergy leadership and church society partnerships were shattered by what is doable how the often Herculean efforts frustrated and tired participants who were then uplifted and sustained by making a difference and how faith was the foundation for action and how through action the poor the homeless and others in need became real people and not statistics

Restoring At-Risk Communities John M. Perkins,John Perkins,1996-02 This comprehensive handbook to urban ministry introduces and shows how to implement a Christian community development program **Community Ministry** Carl S. Dudley,2002 In this era of faith based initiatives congregations increasingly find themselves in the business of establishing and supporting community ministries daycare for infants and toddlers respite care for elders and programs for housing rehab and home repair tutoring and social justice advocacy In this volume Carl S Dudley revises and updates his earlier book *Basic Steps toward Community Ministry* which Loren Mead called the most valuable book on parish ministry I ve seen in a decade

Making Neighborhoods Whole Wayne Gordon,John M. Perkins,2013-11-22 Already with decades of experience speaking prophetically into the charged racial climate of the American south John Perkins began to see a need for organized thinking and collaborative imagination about how the church engages urban ministry And so the Christian Community Development Association CCDA was born with Wayne Gordon an immediate and enthusiastic participant Nearly thirty years later CCDA s eight key components of community development still set the bar for how churches parachurches and nonprofits engage cities with the whole gospel Relocation Reconciliation Redistribution Leadership Development Listening to the Community Church Based Development A Wholistic Approach to Ministry Empowerment In *Making Neighborhoods*

Whole Perkins and Gordon revisit these eight commitments and how they've played out in real communities even as they scan the horizon of urban ministry to set a new tone With profiles of longstanding and emerging community development ministries they guide a new conversation and empower disciples of Jesus to seek the welfare of their cities to the glory of God

Making Neighborhoods Whole, 2013 *Creating Community* David Prior, 1992 Without true community even the most impressive local church has little more to offer than an endless cycle of meetings If leaders feel they must be flawless or members find their personal needs and uniquenesses glossed over the church will never become a place where hearts are touched and lives are changed Drawn from over 25 years of experience this book contains principles and suggestions that have repeatedly proven successful in creating community

Churches That Make a Difference Ronald J. Sider, Philip N. Olson, Heidi Rolland Unruh, 2002-04-01 Churches over the past generations have been weakened by a failure to meet both the physical and spiritual needs of their communities Many have adopted a narrow vision focusing on only one aspect of ministry But in today's environment of faith based opportunities many Christians are eager to start reaching out to their world with both Good News and good works and therefore they are searching for appropriate ways to integrate both into their ministry In Churches That Make a Difference best selling author Ron Sider and his coauthors give those involved in community outreach a comprehensive resource for developing holistic ministry a balance of evangelism and social outreach Illustrations and helpful organizational tips detail the how to's of an effective holistic ministry Case studies that show how different churches across the United States reach out to their communities provide a variety of ideas and practical applications User friendly tools are included as well for congregational studies surveys evaluations and community assessments The authors draw on extensive experience with church ministries and faith based organizations as they share the life changing vision and biblical

mandate for living the whole gospel Church leaders will be encouraged in their process of developing and maintaining a holistic ministry and local churches will rediscover a passion for loving the whole person the way Jesus did **Becoming Community** Olivia A. Phillips, 2021-10-15 How we minister matters especially to those who have already been hurt by the church Instead of ministering out of God's love and compassion the church has often ministered to the Queer community out of a deep rooted fear Why do we administer hatred instead of allowing the balm of the Holy Spirit's tender care to define our actions The integrity of the gospel message has been hurt by the way many of us have wielded the power we have been given Becoming Community is a call for us to renew our Christian commitment to social responsibility and justice as a primary focus of the church We must challenge the practices and visions which we hold most important in our communities Are our ministries truly inclusive to all who would seek to find solace at the feet of Christ Regardless of whether a person might adopt a philosophy of affirmation or denial of queer practices as God honoring one trait must remain in our response inclusion Without intentionally inclusive language care and practice can the church live up to the higher calling that we have been given Is it possible for every individual to be genuinely included in our communities Church on the Move G. Travis Norvell, 2022 G Travis Norvell challenges church leaders and members persistently asking them and their respective churches what they are doing to make a real difference in others lives The author proposes that the people of the living church start moving in around and with their communities to truly move toward renewal and social justice drawing on his own experiences as a church pastor who walked rode his bike and took the bus as he went about his work The book provides concrete practical ways for the church body and individuals to begin implementing this movement including study questions suggested resources and experiments between chapters that can help them find the ways that work best in their respective contexts
