## **Miracles Of St Artemios:**

**The Miracles of St. Artemios** Virgil S. Crisafulli, John W. Nesbitt, 1997 A translation of and philological historical commentary on an anonymous hagiographical text which provides insights into faith healing and the treatment of hernias in 7th century Constantinople *The Miracles of St. Artemios* Virgil S. Crisafulli, John W. Nesbitt, John Haldon, 2021-09-20 This volume contains a general introduction English translation of and philological historical commentary on an anonymous 7th century A D hagiographical text entitled An Account of the Miracles of the Holy and Glorious Megalomartyr and Wonder worker Artemios Also included is a photographic reproduction of the Greek text edited by A Papadopoulos Kerameus originally published by the Russian Academy as well as a supplementary essay by John Haldon The general introduction discusses the historical persona of St Artemios whose healing activities are predominantly centered on the Church of St John Prodromos in Constantinople and who specializes in healing hernias and diseases affecting the genitals of mostly male patients This book will interest students of Greek especially Byzantine philology history hagiography and medicine As it contains a translation of the original Byzantine Greek text it should also appeal to those seeking to improve their knowledge of Byzantine Greek *Writing and Holiness* Derek Krueger, 2013-04-03 Drawing on comparative literature ritual and performance studies and the history of asceticism Derek Krueger explores how early Christian writers came to view writing as salvific as worship through the production of art Exploring the emergence of new and distinctly Christian ideas about authorship in late antiquity *Writing and Holiness* probes saints lives and hymns produced in the Greek East to reveal how the ascetic call to imitate Christ s humility rendered artistic and literary creativity problematic In claiming authority and power hagiographers appeared to violate the saintly practices that they sought to promote Christian writers meditated within their texts on these tensions and ultimately developed a new set of answers to the question What is an author Each of the texts examined here used writing as a technique for the representation of holiness Some are narrative representations of saints that facilitate veneration others are collections of accounts of miracles composed to publicize a shrine Rather than viewing an author s piety as a barrier to historical inquiry Krueger argues that consideration of writing as a form of piety opens windows onto new modes of practice He interprets Christian authors as participants in the religious system they described as devotees monastics and faithful emulators of the saints and he shows how their literary practice integrated authorship into other Christian practices such as asceticism devotion pilgrimage liturgy and sacrifice In considering the distinctly literary contributions to the formation of Christian piety in late antiquity *Writing and Holiness* uncovers Christian literary theories with implications for both Eastern and Western medieval literatures **Miracles : 2 Volumes** Craig S. Keener, 2011-11-01 Christianity Today 2013 Book Award Winner Winner of The Foundation for Pentecostal Scholarship s 2012 Award of Excellence 2011 Book of the Year Christianbook com s Academic Blog Most modern prejudice against biblical miracle reports depends on David Hume s argument that uniform human experience precluded miracles Yet current research shows that

human experience is far from uniform In fact hundreds of millions of people today claim to have experienced miracles New Testament scholar Craig Keener argues that it is time to rethink Hume's argument in light of the contemporary evidence available to us This wide ranging and meticulously researched two volume study presents the most thorough current defense of the credibility of the miracle reports in the Gospels and Acts Drawing on claims from a range of global cultures and taking a multidisciplinary approach to the topic Keener suggests that many miracle accounts throughout history and from contemporary times are best explained as genuine divine acts lending credence to the biblical miracle reports

**Hagiography in Byzantium: Literature, Social History and Cult** Stephanos Efthymiadis, 2024-10-28 Involving a vast number of texts saintly heroes and authors Byzantine hagiography stands out as a field of scholarly research highly rewarding for both the philologist and the historian The studies reproduced in this volume cover a chronological range from late antiquity to the Paleologan era They bring together annotated editions of specific texts and discussions of their contexts complemented by comprehensive surveys of saintly and monastic cult Having appeared over the last twenty years they also illustrate and reflect upon the significant development and re orientation which has marked the study of hagiography in recent decades

**Byzantine Christianity** Derek Krueger, 2010-01-01 This third volume in the pioneering *A People's History of Christianity* series focuses on the religious lives of ordinary people and introduces the religion of the Byzantine Christian laity by asking the questions What did ordinary Christians do in church in their homes and their workshops How were icons used How did the people celebrate marry and mourn Where did they go on pilgrimage Contributors include Derek Krueger University of North Carolina at Greensboro Vasiliki Limberis Temple University Georgia Frank Colgate University James Skedros Holy Cross Greek Orthodox School of Theology Nicholas Conostas Harvard University Sharon Gerstel University of Maryland Peter Hatlie University of Dallas at Rome Charles Barber University of Notre Dame Brigitte Pitarakis Centre National de la Recherche Scientifique Paris Alice Mary Talbot Dumbarton Oaks Jaclyn Maxwell Ohio University

*A People's History of Christianity* Denis R Janz, 2014-03 These two volumes contain selections and abridgements of the original seven volume edition organized to fit ideally into a course in Christian history On its release the seven volume *A people's history of Christianity* was lauded for its commitment to raising awareness of the ways in which ordinary Christians have lived throughout more than twenty centuries of Christian History Each volume provides a valuable overview on such topics as birth and death baptism rites food power heresy and more

**Byzantium in the Iconoclast Era (ca.680-850)** Leslie Brubaker, John F. Haldon, Robert G. Ousterhout, 2001 Iconoclasm the debate about the legitimacy of religious art that began in Byzantium around 730 and continued for nearly 120 years has long held a firm grip on the historical imagination

Byzantium in the Iconoclast Era is the first book in English to survey the original sources crucial for a modern understanding of this most elusive and fascinating period in medieval history. It is also the first book in any language to cover both the written and the visual evidence from this period, a combination of particular importance to the iconoclasm debate. The authors, an art historian and a historian who both specialise in the period, have worked together to provide a comprehensive overview of the visual and the written materials that together help clarify the complex issues of iconoclasm in Byzantium.

The Woman with the Blood Flow (Mark 5:24-34) Barbara Baert, Niels Schalley, 2014. This publication starts from a particular passage in the New Testament that tells the story of a woman with an issue of blood. The gospel relates how the so-called Haemorrhissa is healed the very moment she touches Christ's garment. This publication forms the first and so far the only interdisciplinary study of this particular biblical motif from an exegetical, art historical and anthropological point of view. Contributing scholars interpret the impact of this biblical miracle on Christian texts, material culture and healing archetypes in the Middle Ages and Early Modernity. The story and its Nachleben in literary commentaries and various iconographies unveil a particular energy in Christendom related to ideas about the female body, the role of textile and the magical impact of touch. The Woman with the Blood Flow, Mark 5:24-34, Narrative, Iconic and Anthropological Spaces, contributes to all research in the humanities concerned with gender, the sensorium, Judeo-Christian attitudes towards blood and taboo and early Christian material culture in the East and West. Its trajectory ultimately reveals the crucial mystery at the heart of image making as such.

*The Church, the Afterlife and the Fate of the Soul* Peter D. Clarke, Tony Claydon, 2009. The Christian Church's ideas about the afterlife have always been central to its thought and may have played the vital role in the spread of the faith itself. One sixth-century pagan was reported by Bede to have likened human life to a sparrow flying swiftly through a well-lit hall from dark to dark for him at least the church's promise of light beyond that brief traverse was reason enough to convert. Beyond this basic attraction of the Christian afterlife, notions and disputes about what happened to souls after death have been inseparably entangled in the

Church's history As this wide ranging collection shows they influenced the early formation of doctrine flavoured debates between Eastern and Western traditions were crucial to the Reformation and shaped the spread of the Christian religion beyond Europe By considering the whole chronological and geographic spread of the church's experience these essays demonstrate the current excitement of scholarly study of the afterlife and they frequently question such deeply held assumptions as the late development of purgatory in Christian thought the divorce between the living and the dead in the western tradition after the sixteenth century or the importance of post death salvation in successful modern evangelism
