

"I've heard what they are saying about you—but I know the real Ella Bishop!"

"This is madness! We haven't the right to love!"

"You're not afraid—to come down to the river?"

Miss Bishop

"Should I cast aside a lifetime of love for one laundry moment in a man's presence?"

—a woman with courage to live and love according to her heart...

She looked deep into her hungry heart—and found the answer to a problem few women would dare to face! Then—like the unforgettable heroines of such other great woman's stories as "Stella Dallas" and "The Old Maid"—Ella Bishop braved the taunts of a world that whispered her name—strong in her will to love!... For you—a stirring emotional experience... a splendid motion picture!

Miss Bishop:

Miss Bishop Bess Streeter Aldrich, 2021-01-01 In 1846 the prairie town of Oak River existed only in a settler's dream. In 1856 the dream became an incorporated reality. Ten years later a rambling village with a long muddy Main Street and a thousand souls welcomed back its Civil War boys. And by 1876 it was sprawling over a large area with the cocksure air of a new midwestern town fully expecting to become a huge metropolis. If all the high hopes of those pioneer town councilors had been fulfilled the midwest to day would be one grand interlocking of city streets. As it is, hundreds of little towns grew to their full size of two or five or ten thousand, paused in their growth and admitted that none of them by taking Chamber of

Commerce thought could add one cubit to its stature. an excerpt Miss Bishop Bess Streeter Aldrich, 2025-11-08 A quietly powerful story of devotion, duty, and the small acts that shape a life. Miss Bishop follows one woman's steadfast career as a teacher and the community she helps build. This Bess Streeter Aldrich book charts the long, intimate arc of Miss Bishop's life: her sacrifices, friendships, unspoken longings, and the generations of students she shapes in a close-knit town. Told through a character-driven narrative, the novel moves from early hopes to mature reflection, offering a portrait of a female protagonist whose quiet courage and moral strength illuminate the rhythms of small-town life. Readers will find an inspirational teacher story infused with tender moments, social detail, and timeless insight into human resilience. Miss Bishop holds a special place in classic American literature: a heartwarming historical novel that celebrates women in education, fiction, and the dignity of ordinary lives. Its early 20th-century fiction setting and literary sensibility make it both an evocative period piece and a resonant exploration of vocation and identity. Out of print for decades, this edition has been carefully restored and republished by Alpha Editions. Meticulously prepared for today's readers and future generations, this is not just a reprint; it's a collector's item and a cultural treasure for lovers of literary fiction, classic works. Perfect for casual readers and collectors alike who prize timeless storytelling and the enduring appeal of the inspirational teacher story. *Miss Bishop* B. Streeter

Aldrich, 1924 **Miss Bishop** Blanche Colton Williams, Ernest Gray Keller, 1936* **The Judge Lied** Yinka Bamgbelu, 2014-09-18 The Judge Lied True Story. Someone must be trusted; let it be the judge. Lord Denning: Transparent equality and EXACT laws. President Thomas Jefferson: In recent years, there has been a rising crescendo of complaint over the legitimacy, sometimes even the honesty, of particular judicial conduct. From political conservatives come charges that judges are overriding the will of the people as expressed in statute and referendum relating to abortions, gay rights, affirmative action, religion, and other subjects. From political liberals come charges of bias against women, sexual misconduct, harshness towards the interest of minorities, and forced imposition of deeply conservative political views. From both sides come charges of overriding the people's views and protecting the professional politicians by striking down term limits. From all venues, even high-priced corporate lawyers, comes tyrannical and arbitrary conduct by trial judges. Misuse of position and even bribery are known to have sometimes existed. Beyond these matters, one dean of a law school's thirty-four years as a law professor and

litigator persuaded him that there is yet another problem one that is widespread It is that judges too often are unwilling to listen to facts or reasons They start with predilections heavily favouring one side predilections which they of course deny and then prove impervious to facts and resulting reasons contrary to their bias When judges act on the basis of their prior predilection ignore facts and even make up supposed counter facts they destroy a central tenet of the judicial system the decision of cases based upon facts rather than prejudice They also destroy faith in the judicial system
