Hettinger,1960 *The Alchemy of Prayer* Loretta M. Siani Ph.D.,2011-04-15 The Alchemy of Prayer offers an eminently readable step by step spiritual guide that puts the complex metaphysics of prayer taught in A Course in Miracles into everyday terms If you're skeptical about the power of prayer or have little faith in the traditional Christian approach to prayer this book is for you Its central thesis is that prayer is not an act of communication that begins with us and ends with God but rather that it is an act of communication that begins with God and ends with us were it not for this fact wed be oblivious to prayer Indeed The Alchemy of Prayer proposes that we were actually created out of prayer The power surge that emanated out of Gods first prayer not only sparked us into existence it forever established our minds as natural channels for receiving and sending His same kind of prayer This explains why today eons after creation were still wired for prayer Moreover it also explains why prayers not modeled after Gods primal prayer seemingly go unanswered All of this begs the question how is it that we've forgotten how to pray the way God wired us to pray How is it that the apple has fallen so far from the tree This intellectually engaging book seeks to answer these questions for you and aims to provoke a sea change in your fundamental thinking about the kind of God in which you believe as well as what true prayer really is **Define Your Destiny Through Prayer**
