Mixedblood Messages Louis Owens, 2001 In this challenging and often humorous book Louis Owens examines issues of Indian identity and relationship to the environment as depicted in literature and film and as embodied in his own mixedblood roots in family and land Powerful social and historical forces he maintains conspire to colonize literature and film by and about Native Americans into a safe Indian Territory that will contain and neutralize Indians Countering this colonial Territory is what Owens defines as Frontier a dynamic uncontainable multi

directional space within which cultures meet and even merge Owens offers new insights into the works of Indian writers ranging from John Rollin Ridge Mourning Dove and D Arcy McNickle to N Scott Momaday Leslie Silko James Welch and Gerald Vizenor In his analysis of Indians in film he scrutinizes distortions of Indians as victims or vanishing Americans in a series of John Wayne movies and in the politically correct but false gestures of the more recent *Dances With Wolves* As Owens moves through his personal landscape in Oklahoma Mississippi California and New Mexico he questions how human beings collectively can alter their disastrous relationship with the natural world before they destroy it He challenges all of us to articulate through literature and other means messages of personal and environmental as well as cultural survival and to explore and share these messages by writing and reading across cultural boundaries *Grave Concerns, Trickster Turns* Christopher A. LaLonde, 2002 Who am I What am I Where do I belong These grave concerns take a lifetime for most people to answer They become even trickier for American Indians who all too often face literal and figurative burial by those in power Such concerns permeate the works of Louis Owens a mixedblood writer of Choctaw Cherokee Irish descent In this first book length examination of Owens's writings Chris LaLonde focuses on five critically acclaimed novels *The Sharpest Sight* *Bone Game* *Wolfsong* *Nightland* and *Dark River* According to LaLonde Owens works his stories like a trickster turning ideas back against themselves and playing with contradictory possibilities The conflicting Native and Western perspectives of time history humor and authority dramatize how such classes can threaten to undermine any sense of home and identity for Indians In the process Owens underscores the sham of the ethnic identities foisted upon American Indians the Noble Savage the Silent Indian the Vanishing Native and the Indian as Tragic Victim *Wolfsong* Louis Owens, 1995 In the Cascade Range of northwest Washington Tom Joseph a young Indian who had gone south to attend college returns for his uncle's funeral and finds himself caught up in the old man's fight to save the wilderness from destruction In his first novel Louis Owens exposes the raw edge of the current American land rights controversy and poses questions about authenticity and the common bonds that American Indians of very different or mixed backgrounds are in the process of discovering today **Other Destinies** Louis Owens, 1994 This first book length critical analysis of the full range of novels written between 1854 and today by American Indian authors takes as its theme the search for self discovery and cultural recovery In his introduction Louis Owens places the novels in context by considering their relationships to traditional American Indian oral literature as well as their differences from mainstream Euroamerican literature In the following chapters he looks at the novels of John Rollin Ridge Mourning Dove John Joseph Mathews D Arcy McNickle N Scott Momaday James Welch Leslie Marmon Silko Louise Erdrich Michael Dorris and Gerald Vizenor These authors are mixedbloods who in their writing try to come to terms with the marginalization both of mixed bloods and fullbloods and of their cultures in American society Their novels are complex and sophisticated narratives of cultural survival and survival guides for fullbloods and mixedbloods in modern America Rejecting the stereotypes and clichés long attached to the word Indian they appropriate and adapt the colonizers language English to

describe the Indian experience These novels embody the American Indian point of view the non Indian is required to assume the role of other In his analysis Owens draws on a broad range of literary theory myth and folklore structuralism modernism poststructuralism and particularly postmodernism At the same time he argues that although recent American Indian fiction incorporates a number of significant elements often identified with postmodern writing it contradicts the primary impulse of postmodernism That is instead of celebrating fragmentation ephemerality and chaos these authors insist upon a cultural center that is intact and recoverable upon immutable values and ecological truths Other Destinies provides a new critical approach to novels by American Indians It also offers a comprehensive introduction to the novels helping teachers bring this important fiction to the classroom

American Indian Culture Bruce E. Johansen, 2015-09-22 This invaluable resource provides a comprehensive historical and demographic overview of American Indians along with more than 100 cross referenced entries on American Indian culture exploring everything from arts literature music and dance to food family housing and spirituality American Indian Culture From Counting Coup to Wampum is organized by cultural form Arts Family Education and Community Food Language and Literature Media and Popular Culture Music and Dance Spirituality and Transportation and Housing Examples of topics covered include icons of Native culture such as pow wows Indian dancing and tipi dwellings Native art forms such as pottery rock art sandpainting silverwork tattooing and totem poles foods such as corn frybread and wild rice and Native Americans in popular culture The extensive introductory section breadth of topics accessibly written text and range of perspectives from the many contributors make this work a must have resource for high school and undergraduate audiences

Encyclopedia of American Indian Literature Jennifer McClinton-Temple,Alan Velie,2010-05-12 American Indians have produced some of the most powerful and lyrical literature ever written in North America Encyclopedia of American Indian Literature covers the field from the earliest recorded works to some of today s most exciting writers This encyclopedia features the most respected widely read and influential American Indian writers to date publisher description *Nature Prose* Dominic Head,2022-08-15 Nature Prose seeks to explain the popularity and appeal of contemporary writing about nature This book intervenes in key areas of contemporary debate about literature and the environment and explores the enduring appeal of writing about nature during an ecological crisis Using a range of international examples with a focus on late twentieth and early twenty first century writing from Britain and the US Dominic Head argues that nature writing contains formal effects which encapsulate our current ecological dilemma and offer a fresh resource for critical thinking The environmental crisis has injected a fresh urgency into nature writing along with a new piquancy for those readers seeking solace in the nonhuman or for those looking to change their habits in the face of ecological catastrophe However behind this apparently strong match between the aims of nature writers and the desires of their readers there is also a shared mood of radical uncertainty and insecurity The treatment and construction of nature in contemporary imaginative prose reveals some significant paradoxes beneath its dominant moods moods which are usually earnest sometimes celebratory sometimes prophetic or cautionary It is in these paradoxical moments that the contemporary ecological crisis is formally encoded in a progressive development of ecological consciousness from the late 1950s onwards Nature prose fiction and nonfiction is now contemporaneous with a defining time of crisis while also being formally fashioned by that context This is a mode of writing that emerges in a world in crisis but which is also in some ways in crisis itself With chapters on remoteness exclusivity abundance and rarity this book marks a turning point in how literary criticism engages with nature writing **Across**
