Louis Xivs Army:

The Dynastic State and the Army Under Louis XIV Guy Rowlands, 2002-08-29 The personal rule of Louis XIV witnessed a massive increase in the size of the French army and an apparent improvement in the quality of its officers its men and the War Ministry However this is the first book to treat the French army under Louis XIV as a living political social and economic organism an institution which reflected the dynastic interests and personal concerns of the king and his privileged subjects The book explains the development of the army between the end of Cardinal Mazarin s ministry and the outbreak of the War of the Spanish Succession emphasising the awareness of Louis XIV and his ministers of the need to pay careful attention to the condition of the king s officers and to take account of their military political social and cultural aspirations Louis XIV's Army René Chartrand, 1988-11-24 Louis XIV s army was in many ways the first modern army After assuming power in 1661 Louis abolished the post of Colonel G n ral of Infantry so he could exercise direct control over the armed forces in his realm The king demanded order discipline and absolute loyalty from his army and he introduced a military draft in 1688 the first step towards what we know as conscription in modern armies This book chronicles the development of Louis XIV s army during his 54 year reign including the units uniforms and weapons of the elite Maison du Roi Numerous illustrations portray the uniforms colours and standards of his troops in vivid detail Princes, posts and partisans [electronic resource] George Satterfield, 2003-01-01 This volume explores in fascinating detail the French use of partisan warfare during the Dutch War 1672 78 It demonstrates how Louis XIV succeeded in using partisan warfare in accomplishing his aggressive goals of conquest in the Spanish Netherlands **The Dynastic State and the Army Under Louis XIV** Guy Rowlands, 2002

Giant of the Grand Siècle John A. Lynn, 1997-06-13 An invisible giant the seventeenth century French army was the largest and hungriest institution of the Bourbon monarchy Combining social and cultural emphases with more traditional institutional and operational concerns this book examines the army in depth studying recruitment composition discipline motivation selection of officers leadership administration logistics weaponry tactics field warfare and siegecraft The portrait that emerges differs from what current scholarship might have predicted Instead of claiming that a military revolution transformed warfare Lynn stresses evolutionary change This work also offers surprising insights into absolutism and the relationship between the monarchy and aristocracy Questioning widely held assumptions about state formation and coercion Lynn argues that this standing army was primarily devoted to border defence and only rarely to internal repression

Richelieu's Army David Parrott, 2001-09-06 It is assumed widely that war made the state in seventeenth century France Yet this study of the French army during the ministry of Cardinal Richelieu 1624 42 shows how the expansion of the war effort was not matched by army reform but by a reliance on traditional mechanisms of control The army imposed a huge burden upon the French population but far from being an instrument of the emerging absolutist state its demands contributed to weakening Richelieu s hold upon France and heightened levels of political and social tension This is the first

detailed account of the size organization recruitment financing and control of the troops during this formative period of French history The book also includes a detailed study of foreign policy during Richelieu s ministry and places the training deployment and fighting methods of the French army into the context of arguments for military change in early modern Europe The title was runner up in the History Today Awards 2002 Wars and Soldiers in the Early Reign of Louis XIV Bruno Mugnai,2021-07-15 It was a commonplace that Italy offers little of interest to military historians after the full flower of the Renaissance and that it had been deservedly forgotten *The Armies and Wars of the Sun King, 1643-1715: The guard of Louis XIV* René Chartrand,2019 **Vauban and the French Military Under Louis XIV** Jean-Denis G.G. Lepage,2009-12-21 A man of inventiveness versatility and reformist ideas Marshal Sebastien Le Preste de Vauban built a formidable ring of fortresses to protect France s national frontiers More than just a fortification designer Vauban was also a gifted economist author and political strategist This book tells the complete story of Vauban s exceptional career placing him within the framework of Louis XIV s reign and revealing his lasting influences in France and other nations With the aid of numerous detailed drawings 17th century bastioned fortification artillery and seige warfare are described in detail Vauban s fortifications that are still standing today are particularly highlighted *The Scots Army, 1661-1688* Charles Dalton,1909 *The Armies and Wars of the Sun King 1643-1715* René Chartrand,2020 Louis XIV s army in the War of the League of Augsburg with a focus on the campaigns the Irish contingent and the cavalry *The Failure of Louis XIV's Dutch War* Carl J. Ekberg,1979 Begun as a royal adventure to enhance the glory of the king the Dutch War sparked serious debate within the French government over the relationship of the ruler to the state Ekberg focuses on one significant year of the war and explains how despite opposition by several counselors the king escalated the original conflict into a full European war and wrought a dramatic shift in French policy The study is arranged thematically to bring clarity to a period of complex issues Originally published in 1979 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value **Wars and Soldiers in the Early Reign of Louis XIV.** Bruno Mugnai,2019 Permanent armies became an organic feature of the Old Regime a symbol of its power and strength the means by which the prince could defend his interest and play an active role in the International policy The Imperial Army represents an interesting laboratory which involved the multicultural Habsburg s domains and the Holy Roman Germanic Empire **War and Soldiers in the Early Reign of Louis XIV** Bruno Mugnai,2019-04-19 The Army of Louis XIV is frequently depicted as being the apogee of the early modern standing army It was large well organised and the product of the French Absolutist Monarchy However since the beginning of the 17th century the United Provinces pioneered important improvements in military administration and training and their army was long co *Wars and Soldiers in the Early Reign of Louis XIV* ,2019 Masters of the Battlefield Paul

Davis,2013-07-25 A catalogue of history s greatest military leaders from the Classical Age to the Napoleonic Era and what drove them to victory **The Wars of Louis XIV 1667-1714** John A. Lynn,2013-12-19 Warfare dominated the long reign of the Sun king Louis XIV For forty years from 1672 France was continuously at war and had one of the largest armies seen in the West since the fall of imperial Rome The campaigns secured little territory but almost bankrupted the country and the consequences for the French monarchy were dramatic contributing to its eventual downfall John Lynn examines the wars for evidence of a coherent strategic policy he explores the operational logistics of the campaigns and considers their significance for France s diplomatic political military administrative and institutional This is the first modern comprehensive study in any language and offers a vivid insight into 17th and 18th century statesmanship and warfare reaching a climax with the defeat of France by Marlborough at Blenheim **Citizen Soldiers and the Key to the Bastille** Julia Osman,2015-01-06 Showcasing French participation in the Seven Years War and the American Revolution this book shows the French army at the heart of revolutionary social and cultural change Osman argues that efforts to transform the French army into a citizen army before 1789 prompted and helped shape the French Revolution **Power, Authority and Army Administration Under Louis XIV** Guy Rowlands,1997 *Marlborough and the Rise of the British Army* Christopher Thomas Atkinson,1921
