Louis XII Frederic J. Baumgartner,1994 A biography which assesses the reign of King Louis XII 1498 1515 showing how France s church legal system and cultural life were strongly influenced by Louis XII **Louis 12** Frederic J. Baumgartner,1996 The reign of Louis XII 1498 1515 has been much neglected by historians Falling between the conventional end of the French middle ages and Francis I s notional ushering in of Renaissance France Louis rule belongs neither to medievalists nor to historians of the the early modern period The Italian Wars 1494-1559 ,2014-06-11 The Italian Wars of 1494 1559 had a major impact on the whole of Renaissance Europe In this important text Michael Mallett and Christine Shaw place the conflict within the political and economic context of the wars Emphasising the gap between aims and strategies of the political masters and what their commanders and troops could actually accomplish on the ground they analyse developments in military tactics and the tactical use of firearms and examine how Italians of all sectors of society reacted to the wars and the inevitable political and social change that they brought about The history of Renaissance Italy is currently being radically rethought by historians This book is a major contribution to this re evaluation and will be essential reading for all students of Renaissance and military history **A History of France: 1453-1624** George William Kitchin,1877 **A History of France** George William Kitchin,1885 *The History of France from the Earliest Times to 1848* François Guizot,Madame de Witt,1884 **The Italian Wars 1494-1559** Christine Shaw,Michael Mallett,2018-10-26 The Italian Wars 1494 1559 outlines the major impact that these wars had not just on the history of Italy but on the history of Europe as a whole It provides the first detailed account of the entire course of the wars covering all the campaigns and placing the military conflicts in their political diplomatic social and economic contexts Throughout the book new developments in military tactics the composition of armies the balance between infantry and cavalry and the use of firearms are described and analysed How Italians of all sectors of society reacted to the wars and the inevitable political and social change that they brought about is also examined offering a view of the wars from a variety of perspectives Fully updated and containing a range of maps as well as a brand new chapter on propaganda and images of war this second edition of *The Italian Wars 1494 1559* is essential reading for all students of Renaissance and military history *"A" History of the Papacy During the Period of the Reformation* Mandell Creighton,1887 *The Kings of Europe Past and Present, and Their Families* M.
