

Love

The word "Love" is rendered in a highly stylized, cursive script. The letters are a vibrant gold color with a thick white outline, giving them a three-dimensional, embossed appearance. The word is set against a plain white background. Surrounding the word are five gold hearts of varying sizes. One large heart is positioned above the 'L', a medium heart is above the 'o', and two smaller hearts are located below the 'e'. The overall design is romantic and celebratory.

Walter Benn Michaels

Love Of Gold:

Be Solid Gold: Transforming Your Fear & Living a Life You Love Lanie Smith, This book is about play It is also about self permission and spiritual as well as emotional evolution This book is an invitation for you to find your own resourceful nature and power through curiosity and an attitude of play to live life as a work of art and adventurous game It has bits and pieces of my journey weaved throughout with inspiration and activities for you to design a life you love Like a sad puppy waiting to be loved the inner child longs for more expression and so this was a gift of creation to her previously denied by the inner perfectionist not willing to take the risk of failure which of course is an illusion To move past this insidious pattern I granted myself the space and permission to do less of what I thought I should do and more of what I wanted thus changing my life for the better I am no longer the person who sat down to write her first book a book about the freedom to be fully expressed May it inspire the same transformation for you

The Gold Standard and the Logic of Naturalism Walter Benn Michaels,1987-04-21 The Gold Standard and the Logic of Naturalism discusses ways of creating value in turn of the century American capitalism Focusing on such topics as the alienation of property the invention of masochism and the battle over free silver it examines the participation of cultural forms in these phenomena It imagines a literary history that must at the same time be social economic and legal and it imagines a literature that to be understood at all must be understood both as a producer and a product of market capitalism
