*All of Us* Raymond Carver, 2015-05-25 A rich collection of poems from not only one of the great short story writers of our time The Philadelphia Inquirer but one of America s most large hearted and affecting poets Like Raymond Carver s stories the more than 300 poems in All of Us are marked by a keen attention to the physical world an uncanny ability to compress vast feeling into discreet moments a voice of conversational intimacy and an unstinting sympathy This complete edition brings together all the poems of Carver s five previous books from Fires to the posthumously published No Heroics Please It also contains bibliographical and textual notes on individual poems a chronology of Carver s life and work and a moving introduction by Carver s widow the poet Tess Gallagher     Blurred Boundaries Klaus H. Schmidt, 1996 Paradoxically the only definite evaluation that can be made about the state of American Studies in the middle of the 1990s is that blurred boundaries prevail in academic discourse and the subjects of research in the field According to the editors this new interest in boundaries is a reflection of a global social and cultural developments b recent trends in general cultural and literary theory and c the current reexamination of research methods within the discipline of American Studies itself In this volume contributors from Canada Germany and the United States creatively respond to the phenomenon of blurred boundaries
