**The Queen Vs. Louis Riel** Louis Riel, 1886 *Riel and the Rebellion* Thomas Flanagan, 2000 This book sparked national controversy when it was first published in 1983 Updated to include recent developments such as native rights and land claims the cultural mythology that surrounds Riel and the recent campaign to have him pardoned

**The False Traitor** Albert Raimundo Braz, 2003-01-01 The nineteenth century Métis politician and mystic Louis Riel has emerged as one of the most popular and elusive figures in Canadian culture Since his hanging for treason in 1885 the self declared David of the New World has been depicted variously as a traitor to Confederation a French Canadian and Catholic martyr a bloodthirsty rebel a pan American liberator a pawn of shadowy white forces a Prairie political maverick a First Nations hero an alienated intellectual a victim of Western industrial progress and even a Father of Confederation Albert Braz synthesizes the available material by and about Riel including film sculpture and cartoons as well as literature in French and English and analyzes how an historical figure could be portrayed in such contradictory ways In light of the fact that most aesthetic representations of Riel bear little resemblance not only to one another but also to their purported model Braz suggests that they reveal less about Riel than they do about their authors and the society to which they belong The most comprehensive treatment of the representations of Louis Riel in Canadian literature *The False Traitor* will be a seminal work in the study of this popular Canadian figure

*The Riel Problem* Albert Braz, 2024-06-06 Tracing Louis Riel's metamorphosis from traitor to hero Braz argues that through his writing Riel resists his portrayal as both a Canadian patriot and a pan Indigenous leader After being hanged for high treason in 1885 the Métis politician poet and mystic has emerged as a quintessential Canadian champion *The Riel Problem* maps this representational shift by examining a series of cultural and scholarly commemorations of Riel since 1967 from a large scale opera about his life through the publication of his extant writings to statues erected in his honour Braz also probes how aspects of Riel's life and writing can be problematic for many contemporary Métis artists scholars and civic leaders Analyzing representations of Riel in light of his own writings the author exposes both the constructedness of the Canadian nation state and the magnitude of the current historical revisionism when dealing with Riel

*Louis Riel and the Creation of Modern Canada* Jennifer Reid, 2008-11 Since he was tried and hanged for treason in November of 1885 Louis Riel has been the subject of more histories biographies novels and poetry than any other figure in Canadian history Politician founder of Manitoba and leader of the aboriginal Métis people Riel led two resistance movements against the Canadian government the Red River Uprising of 1869-70 and the North West Rebellion of 1885 in defense of Métis and other minority rights Against the backdrop of these legendary uprisings Jennifer Reid examines Riel's religious background the mythic significance that has consciously been ascribed to him and how these elements combined to influence Canada's search for a national identity Reid's study provides a framework for rethinking the geopolitical significance of the modern Canadian state the historic role of Confederation in establishing the country's collective self image and the narrative space through which

Riel's voice speaks to these issues      *The Story of Louis Riel* Anonymous, 2004-07-01 The story of the Riel led rebellion in the Canadian Red River country Louis Riel the Canadian religious figure and prophet of a new order in the West who was plagued with bouts of insanity was a once enigmatic man who has become one of the most closely scrutinized figures in Canadian history leading to a century long debate about whether Riel was a great political leader or a madman It is a story of racism the story of Louis Riel and of the American Indians of the Northern Great Plains the Sioux Cree and Blackfeet and of the Metis or half breeds who sought to create a nation born of violence and despair and reared to a brief glory White men called it treason For this Louis Riel died on the gallows in 1885 and his nation died with him      **Louis Riel** Hartwell

Bowsfield, 1988 The rise and fall of Louis Riel 1844-85 spanned only fifteen years yet he is one of the most controversial and colourful people in Canadian history The central figure in two rebellions which he led on behalf of the French speaking half breeds called Metis Riel has caught the imagination of Canadians as few other historical personalities have done His career began with the acts of resistance at the Red River Settlement in 1869 and continued through the formation of a Provisional Government and the notorious shooting of Thomas Scott in 1870 through years of mental illness and exile in the United States to the North West Rebellion of 1885 It reached an inevitable climax with his surrender and trial and the passionate outpouring of feeling that rocked the country when he was found guilty of treason and executed The religious and racial emotions of the time the bigotry and opportunism of politicians and Riel's own unstable mental condition all combine to make of his life a Canadian tragedy one that had profound consequences for Confederation      **Religion and Global Culture**

Jennifer I. M. Reid, 2003-02-22 Religion and Global Culture draws together the work of a group of historians of religion who are concerned with situating the contemporary study of religion within the cultural complexity of the modern world The writing of each of the volume's contributors relates to the work of leading historian of religion Charles H Long who has identified religious meanings in the contacts and exchanges of the colonial and postcolonial periods Together with Long these scholars explore religious practices in a variety of globalized contexts chapters consider such varied subjects as the rituals of African immigrant communities in the United States the making of Mohawk sweet grass and black ash baskets the religious experience of prisoners in the Nazi holding camp of Westerbork and the regional repercussions of contemporary multi-national business By locating religion in the conflicted and cooperative relationships of the colonial and postcolonial periods Religion and Global Culture calls on scholars of religion to reconfigure their interpretive stances from the perspective of the material structures of the modern globalized world      *Louis Riel, Patriot* Robert

Freyne, 2016-01-01 T00:00:00-05:00 In Louis Riel Patriot Freyne relocates us via the ninth art to pre Confederation Canada Here we delve into the tragic life of the controversial Metis leader Louis Riel Founder of the Province of Manitoba and a Father of Confederation Brought to life once more through this richly documented and faithful account these monumental events in Canadian heritage continue to fascinate and awe Against a backdrop of political intrigue international in scope a
