The Musical Structure of Plato's Dialogues J.B. Kennedy, 2014-09-19 J B Kennedy argues that Plato's dialogues have an unsuspected musical structure and use symbols to encode Pythagorean doctrines The followers of Pythagoras famously thought that the cosmos had a hidden musical structure and that wise philosophers would be able to hear this harmony of the spheres Kennedy shows that Plato gave his dialogues a similar hidden musical structure He divided each dialogue into twelve parts and inserted symbols at each twelfth to mark a musical note These passages are relatively harmonious or dissonant and so traverse the ups and downs of a known musical scale Many of Plato's ancient followers insisted that Plato used symbols to conceal his own views within the dialogues but modern scholars have denied this Kennedy an expert in Pythagorean mathematics and music theory now shows that Plato's dialogues do contain a system of symbols Scholars in the humanities without knowledge of obsolete Greek mathematics would not have been able to detect these musical patterns This book

begins with a concise and accessible introduction to Plato's symbolic schemes and the role of allegory in ancient times. The following chapters then annotate the musical symbols in two of Plato's most popular dialogues, the *Symposium* and *Euthyphro*, and show that Plato used the musical scale as an outline for structuring his narratives. *Love One Another, My Friends* Saint Augustine, 2009-01-02 Augustine's interpretation is spiritual; his were not scholarly or academic concerns and John Leinenweber's translation is fresh and accessible, capturing the clarity, brilliance, and inspired passion of the original. John has said many things, stated Augustine, and almost all of them concern love. The first six of the ten homilies were delivered on the days of the Easter octave. This period proved too short for Augustine to cover the whole of the letter, and he preached four additional homilies later in the spring. In his *Confessions*, Augustine spoke of his great longing as a youth to love and be loved, a topic that appealed greatly to his listeners. During the course of delivering these homilies, he was interrupted time and again by applause and shouts of enthusiasm. The ten homilies are broken up into twenty-four short chapters, for example, *The Commandment of Love*, *Two Loves of God and of the World*, *Christ and Antichrists*, *Unanswered Prayer*, *God is Love*, *God Has Loved Us*, *First Love Casts Out Fear*. His are in large part moral teachings dealing with such topics as prayer, our enemies, fear of God, the church, the world, so important in Saint John's writings. What does one actually do to love God and others? What are the pitfalls of loving? How can one learn to love more? Throughout the homilies, Augustine's great desire to love and be loved and to live eternally with God are eloquently expressed. Believing himself ignorant of Scripture, he had initially considered himself ill-prepared for the priesthood. Augustine's subsequent tireless studies unleashed a stream of biblical commentaries that led him to be ranked with Thomas Aquinas as one of the greatest teachers the Western Church has ever produced and one of its greatest Fathers. His towering intellect molded the thought of Western Christianity, and his ideas dominated the thinking of the Western world for a thousand years after his death. Augustine wrote profusely, explaining and defending the faith. Called Doctor of Grace, his best-known works are his *Confessions*, one of the greatest spiritual classics of all time, and *City of God*, an exposition of a Christian philosophy of history. *Dialogue and Deviance* R. Sturges, 2005-03-01 This book traces the historical relationship between male-male erotic desire and the genre of literary or philosophical dialogue. It describes three literary-philosophical traditions, each of which originates in a different Platonic dialogue, whose subsequent influence can be traced first through the Roman and medieval periods, second through the Renaissance and Enlightenment periods, and finally through the modern and postmodern periods. Sturges demonstrates that various forms of erotic deviance have been differently valued in these different periods and cultures, and that dialogue has consistently proven to be the genre of choice for expressing these changing values. This study provides a valuable historical perspective on current debates over the place of homosexuality in modern Western culture. *Music* William Smythe Babcock Mathews, 1892 *An Exposition of the Bible* Marcus Dods, Robert Alexander Watson, 1907 *New-Church Messenger*, 1912 *Love-life in Nature* Wilhelm Bölsche, 1926 *Maid of Athens* Justin McCarthy, 1893 **Belgravia, a London magazine, conducted by M.E.
