Brendan G. Carr

New Organization:

Information, Organization and Management Ralf Reichwald, Rolf T. Wigand, 2008-03-27 Information Organization and Management is a comprehensive treatment of the economic and technical foundations for new organizational forms relations and processes. It provides a wide range of underlying concepts and frameworks that help the reader understand the major forces driving organizational and marketplace change rather than presenting these changes as simple outcomes of technological or management fads. The book has a heavier than usual economic bent yet also considers the human cognitive aspects. The emphasis throughout is on the total concepts with subsections at the end of each chapter describing the role of information and the implications for management. The content is well worth reading. Paul Gray Claremont Graduate School and University of California at Irvine

Organizational Constitution in Entrepreneurship Ryan S. Bisel, Deanna L. Bisel, 2022-12-27 This book presents the seven entrepreneurial activities SEA model of new organizational constitution a prescriptive extension of the four flows model tradition of communicative constitution of organizations CCO theory. Organizational Constitution in Entrepreneurship explains the SEA model in detail illustrating it with autobiographical accounts from Deanna Bisel's years of experience as an entrepreneur. The volume explores how entrepreneurial efforts to create and maintain organizations involve interrelated activities. In doing so it offers a vision of new organizational creation and maintenance as a communicative and material b initiated by value propositions c difficult to achieve d having periods of partiality e being the result of constitutive leadership distributed among members and f dependent upon constitutive momentum generated in organizational learning. This unique volume will be a key reference for students and scholars of organizational communication management business studies entrepreneurship and communication studies
