## **New Deal:**

**The Great Depression and the New Deal** Robert F. Himmelberg, 2000-11-30 This essential guide to the Great Depression and the New Deal provides a wealth of information analysis biographical profiles primary documents and current resources that will help students to understand this pivotal era in American history The author an expert on this age of U S history and politics brings to life the traumatic period that began in 1929 and ended only with America s entrance into World War II in 1941 He carefully explains the causes of the Depression the actions taken by Franklin D Roosevelt to lift America out of its economic morass and the economic political social and cultural aspects of the age Following a chronology of events a narrative overview examines the events of the Great Depression and the New Deal Other topical essays address the causes and cure of the Depression America s struggle against the Depression the effect of the Depression on American politics changes in society and culture during the Depression decade and an evaluation of the New Deal from a contemporary perspective Twenty seven biographical profiles of key figures of the era the text of ten important primary documents a glossary of frequently cited terms and an annotated bibliography of print and nonprint materials for student use complete the work This work is an essential source for the most current thinking and resources on the Great Depression and the New Deal

**The New Deal** Kiran Klaus Patel, 2016-01-12 The first book to globalize the history of the New Deal this is an amazing tour de force with fresh insights on virtually every page Akira Iriye Harvard University Co Winner of the World History Association Jerry Bentley Book Prize The New Deal A Global History provides a radically new interpretation of a pivotal period in US history The first comprehensive study of the New Deal in a global context the book compares American responses to the international crisis of capitalism and democracy during the 1930s to responses by other countries around the globe not just in Europe but also in Latin America Asia and other parts of the world Work creation agricultural intervention state planning immigration policy the role of mass media forms of political leadership and new ways of ruling America s colonies all had parallels elsewhere and unfolded against a backdrop of intense global debates By avoiding the distortions of American exceptionalism Kiran Klaus Patel shows how America s reaction to the Great Depression connected it to the wider world Among much else the book explains why the New Deal had enormous repercussions on China why Franklin D Roosevelt studied the welfare schemes of Nazi Germany and why the New Dealers were fascinated by cooperatives in Sweden but ignored similar schemes in Japan Ultimately Patel argues the New Deal provided the institutional scaffolding for the construction of American global hegemony in the postwar era making this history essential for understanding both the New Deal and America s rise to global leadership A compelling argument that is profoundly relevant to the twenty first century Glenn C Altschuler Huffington Post *The New Deal* Michael Hiltzik, 2011-09-13 From first to last the New Deal was a work in progress a patchwork of often contradictory ideas [The End Of Reform](#) Alan Brinkley, 1996-01-30 At a time when liberalism is in disarray this vastly illuminating book locates the origins of its crisis

Those origins says Alan Brinkley are paradoxically situated during the second term of Franklin Delano Roosevelt whose New Deal had made liberalism a fixture of American politics and society The End of Reform shows how the liberalism of the early New Deal which set out to repair and if necessary restructure America s economy gave way to its contemporary counterpart which is less hostile to corporate capitalism and more solicitous of individual rights Clearly and dramatically Brinkley identifies the personalities and events responsible for this transformation while pointing to the broader trends in American society that made the politics of reform increasingly popular It is both a major reinterpretation of the New Deal and a crucial map of the road to today s political landscape The New Deal Ronald Edsforth,2000-04-07 In this concise and lively volume Ronald Edsforth presents a fresh synthesis of the most critical years in twentieth century American history The book describes the collapse of American capitalism in the early 1930s and the subsequent remaking of the US economy during Franklin D Roosevelt s presidency It is written for a new generation of readers for whom the Great Depression is a distant historical event The New Deal Kathryn Flynn,2009-09 2008 marks the 75th anniversary of the New Deal the series of programs initiated by President Franklin Delano Roosevelt to help Americans recover during the Great Depression Programs such as the Civilian Conservation Corps the Civil Works Administration and the Works Progress Administration gave hope support and encouragement to millions of Americans Several New deal programs including Social Security continue to help Americans today **Economic Aspects of New Deal Diplomacy** Lloyd C. Gardner,1964 Bibliographical essay p 389 397

**Fifty Years Later** Harvard Sitkoff,1985 The Great Depression and the New Deal Eric Rauchway,2008-03-10 The New Deal shaped our nation s politics for decades and was seen by many as tantamount to the American Way itself Now in this superb compact history Eric Rauchway offers an informed account of the New Deal and the Great Depression illuminating its successes and failures **The New Deal** William Edward Leuchtenburg,1968 The New Deal, what was It? Morton Keller,1963 **The First New Deal** Raymond Moley ,1966 **Dealers and Dreamers: A New Look at the New Deal** Joseph P. Lash,2020-04-10 Pulitzer Prize winning biographer Joseph Lash s last work is an account of the men and women who helped Roosevelt pull the country out of the Great Depression When FDR took office in 1933 he set into motion the promise he made when he was first nominated the New Deal also called the Roosevelt Revolution charged the energies and imaginations of some of the most brilliant minds in the country Lash draws heavily on the private and unpublished papers of Thomas Corcoran and Benjamin Cohen the two most influential brain trusters of the time whose policies invigorated the nation and who independently and together were driven to promote the social and economic transformations of the thirties This new look at the New Deal as the book is subtitled is a history of New Deal legislation from the banking bill that recast the Federal Reserve System on through the Public Utility Holding Company Act the Wagner Labor Relations Act the Social Security Bill and the creation of the alphabetocracy that as Mr Lash believes helped to shift control of the American economy from Wall Street to Washington a dual biography of two young New Deal lawyers Benjamin V Cohen and Thomas G Corcoran

a roster of New Deal players Adolph A Berle William O Douglas Marriner Eccles Jerome Frank Leon Henderson Alger Hiss Harry Hopkins Harold Ickes Hugh S Johnson James Landis Max Lowenthal Isador Lubin Raymond Moley Frances Perkins Joseph Rauh Samuel I Rosenman and Rexford G Tugwell and Harvard Law professor and later Supreme Court Justice Felix Frankfurter the ideological struggle that went on between people like Tugwell who wanted to plan the economy and those like Frankfurter and Supreme Court Justice Louis D Brandeis who wanted to break up the trusts and restore freedom to the marketplace Dealers and Dreamers will be valuable to any reader with certain specific questions about the New Deal in mind Christopher Lehmann Haupt New York Times Dealers and Dreamers is a fascinating informative book indispensable for students of the Roosevelt presidency Arthur Schlesinger Jr The New York Review of Books The story of how our present day institutions were created Lash s excellent exploitation of the papers of both Cohen and Corcoran plus judicious use of interviews makes this a valuable work Warren F Kimball Los Angeles Times Joseph P Lash s last book is a fitting capstone to a noble career Dealers and Dreamers is a vivid evocation of an era and a fascinating portrait written with the skill of a master of some of the most wonderfully engaging figures of a glorious age in American history But more than that it is like all of Joe Lash s books and like Joe Lash s life itself a work of the most rare sincerity and integrity What shines forth from every page as it shines forth from Mr Lash s life is his unshakable determination to be truthful honest and scrupulously fair Joe has always been the standard of integrity to which I tried to hold fast and this book is a final triumphant example of the fact that he held that standard high to the last Robert Caro I found Dealers and Dreamers a veritable treasure trove of historical information about Roosevelt s Washington For that reason alone it is an important book Thomas Fleming Dealers and Dreamers not only reports the achievements and operations of the New Deal but also the spirit of the participants a spirit which I think was very much like that which must have existed among the persons who drafted the U S Constitution and put it in force in each case reflecting the excitement and satisfaction of participating in a successful revolution not against government but for government Eugene McCarthy By the Pulitzer Prize winning author of Eleanor and Franklin this is a fresh and admiring look at the original brain trusters Raymond Moley Rexford Tugwell Adolf Berle and others crucial to the legislated social transformation presided over by Franklin D Roosevelt during the Depression years Among the others Lash pays particular attention to are Thomas G Corcoran the unofficial whip of the New Deal and Benjamin V Cohen principal draftsman of several ground breaking bills sent to Congress The author describes Cohen as the intellectual coordinator of the New Deal and the keeper of its conscience Working from Corcoran and Cohen s private papers he sheds light on the significance of the Securities Exchange Act FDR s court packing attempt the 1936 presidential campaign the effect of the New Deal on black Americans and other issues throughout the decade before Pearl Harbor Publishers Weekly Lash focuses on two talented technocrats Benjamin V Cohen and Thomas C Corcoran prot g s of Felix Frankfurter then a professor at Harvard Law School Though neither had held high office both played important frequently pivotal roles in drafting and

ensuring passage of vital New Deal measures like the Securities Exchange Act of 1934 Pragmatists as well as idealists Cohen and Corcoran viewed politics as the art of the possible With revolution a decided possibility they opted for trial and error reform as the best means to the end of preserving any vestige of a free enterprise constitutional system Kirkus Reviews Lash has written an absorbing narrative that captures the spirit of those yeasty times when a heady generation of young intellectuals was ready to roll up its sleeves to rescue America R Frank Saunders Jr The Georgia Historical Quarterly Dealers and Dreamers conveys an unmistakable sense that there was something special about the experience of the generation of lawyers who entered public service in the 1930 s G Edward White Harvard Law Review The New Deal Melvyn Dubofsky, Stephen Burwood, 1990 **New Deal Thought** Howard Zinn, 2003 A reprint of the 1966 Bobbs Merrill edition This anthology assembles the contemporary writings not only of the New Dealers the men who devised and executed the programs of the government in the era of Franklin D Roosevelt but also of the social critics who gathered in various stances and at various distances around the Roosevelt fires Here is a sampling of the famous movers and shakers of the 1930 s Thurman Arnold Henry Wallace Rexford Tugwell David Lilienthal Harry Hopkins Harold Ickes Frances Perkins John Maynard Keynes and of course Roosevelt himself Here too are the voices of those who thought the New Dealers were going too far such as Walter Lippmann and Raymond Moley and of those who thought they were not going far enough like John Dewey W E B DuBois Norman Thomas Lewis Mumford and Carey McWilliams In his Introduction Howard Zinn defines the boundaries of the New Deal s experimentalism and attempts to explain why it sputtered out The result is a book that captures the spirit of the New Deal hopeful pragmatic humane yet remains hardheaded about its accomplishments and failures **Fdr's "New Deal"** William N. Spencer, 2019-12-04 History is an account either verbal or written which describes past events good or bad In truth most recorded history is a mostly false narrative of mostly unimportant occurrences which are the doings of czars despots and tyrants and their lackey soldiers For the most part right or wrong history has always been written by the winners of whatever contest And therefore since the losers are irrelevant and meaningless it may then take society many decades or more to finally learn that most things were done not really as the supporters and academics had recorded them for posterity History is more than just learning names dates and places Real history is knowing why certain events happened at a certain given time in a particular certain place And real history is admitting that the supposedly greatest saviors of humanity were really mankind s greatest purveyors of human misery **Franklin D. Roosevelt and the New Deal** William E. Leuchtenburg, 2009-02-24 When the stability of American life was threatened by the Great Depression the decisive and visionary policy contained in FDR s New Deal offered America a way forward In this groundbreaking work William E Leuchtenburg traces the evolution of what was both the most controversial and effective socioeconomic initiative ever undertaken in the United States and explains how the social fabric of American life was forever altered It offers illuminating lessons on the challenges of economic transformation for our time and for all time **Boston, the Great Depression, and**

**the New Deal** Charles H. Trout, 1977      **The New Deal** Paul K. Conkin, 1992 Product Description Demonstrating the intellectual excitement that is the practice of history at its best Paul Conkin's *The New Deal* is still one of the best known titles in the very popular American History Series edited by John Hope Franklin and A. S. Eisenstadt. *The New Deal* Third Edition is still the best succinct and coherent description of a chaotic period. It is an account of the major domestic policies adopted during the Roosevelt administration. It is also a rich portrait of Roosevelt the man and consummate politician and the satellite figures around him. This highly interpretive text with its spirited and often subtle assessments of New Deal personalities and programs will continue to bring the period to life for new generations of students. Includes extensive photo essay.

**The New Deal and American Politics** John M. Allswang, 1978
