The career profile section is supplemented by lists of Poets Laureate Oxford University professors of poetry poet winners of the Nobel Prize for Literature winners of the Pulitzer Prize for American Poetry and of the King's Queen's Gold medal and other poetry prizes      *Encyclopedia of American Poetry: The Twentieth Century* Eric L. Haralson, 2014-01-21 The *Encyclopedia of American Poetry The Twentieth Century* contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century. Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author's career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States      *Contemporary Poets* Tracy Chevalier, 1991 Contains biographical entries a list of separately published books and an essay on each poet      *Maine Poems* Richard Eberhart, 1989 Centering on his summers spent in Maine Richard Eberhart's new collection responds to the question Are you going to Maine asked in the poem entitled *Going to Maine*. His premise that *Going to Maine* is a state of mind reverberates throughout the collection. Whether describing an old pine tree facing Penobscot Bay wild swans on Inchiquin Lake or a loon's cry Eberhart once again demonstrates those qualities that have made him one of America's most honored poets      ***International Who's Who in Poetry 2004*** Europa Publications, 2003 Provides up to date profiles on the careers of leading and emerging poets

***Contemporary Poets*** James Vinson, D. L. Kirkpatrick, 1985      ***The Granite Monthly*** Henry Harrison Metcalf, John Norris McClintock, 1904      *The American Landscape in the Poetry of Frost, Bishop, and Ashbery* M. MacArthur, 2008-08-04 Robert Frost Elizabeth Bishop and John Ashbery stand out among major American poets all three shaped the direction and pushed the boundaries of contemporary poetry on an international scale. Drawing on biography cultural history and original archival research MacArthur shows us that these distinctive poets share one surprisingly central trope in their oeuvres the Romantic scene of the abandoned house. This book scrutinizes the popular notion of Frost as a deeply rooted New Englander demonstrates that Frost had an underestimated influence on Bishop whose preoccupation with houses and dwelling is the obverse of her obsession with travel and questions dominant anti biographical readings of Ashbery as an urban identified

poet As she reads poems that evoke particular landscapes and houses lost and abandoned by these poets MacArthur also sketches relevant cultural trends including patterns of rural de settlement the transformation of rural economies from agriculture to tourism and modern American s increasing mobility and rootlessness      **Love and Need** Adam

Plunkett,2025-02-18 Braiding together biography and criticism Adam Plunkett challenges our understanding of Robert Frost s life and poetic legacy in a pathbreaking new work By the middle of the twentieth century Robert Frost was the best loved poet in America He was our nation s bard simple and sincere accompanying us on wooded roads and articulating our hopes and fears After Frost s death these cliches gave way to equally broad though opposed portraits sketched by his biographers chief among them Lawrance Thompson When the critic Helen Vendler reviewed Thompson s biography she asked whether anyone could avoid the conclusion that Frost was a monster In *Love and Need* The Life of Robert Frost s Poetry Adam Plunkett blends biography and criticism to find the truth of Frost s life one that lies between the two poles of perception Plunkett reveals a new Frost through a careful look at the poems and people he knew best showing how the stories of his most important relationships heretofore partly told mirror dominant themes of Frost s enduring poetry withholding and disclosure privacy and intimacy Not least of these relationships is the fraught intense friendship between Frost and Thompson the major biographer whose record of Frost Plunkett seeks to set straight Moving through Frost s most important work and closest relationships with the attention to detail necessary to see familiar things anew Plunkett offers an original interpretation of Frost s poetry tracing Frost s distinctive achievement to an engagement with poetic tradition far deeper and more extensive than he ever let on Frost invited his readers into a conversation like the one he sustained with his literary forebears intimate and profound yet Frost kept his private self at a remove Here Plunkett brings the two together the poet and the poetry and draws us back into conversation with America s poet      *Granite Monthly* Henry Harrison Metcalf,John
